### *40 Sacred Symbols*

Violet Flame Reiki is a high vibrational energy healing system brought to humanity by Goddess Quan Yin.

This transformational healing modality was channel by Reiki Master Ivy Moore, who was looking for a way to make her Usui Reiki more effective and advance on her spiritual journey.

Lady Quan Yin is the Chinese Goddess of Compassion and Mercy.

She is a beautiful ascended master and bodhisattva who watches over families and spreads her compassionate loving energy alongside the Violet Flame of Transmutation & Transformation.

#### **Who is this course for?**

Originally it was considered only for Reiki Masters due to the intensity of the energies and complex symbols.
