

# TASSIE MUMS

## Do you have any warm Winter coats or clothing your children no longer need?

**Tassie Mums needs your help to find 250 coats for babies and children in need.**

Tassie Mums accept good quality new and pre-loved baby and children's clothing from birth to 12 years. We carefully sort and bundle donations to be re-homed via social services organisations to families in need.

Now the weather has begun to get chilly, there are many families who cannot keep their babies and children warm, children are shivering with cold in school playgrounds because families are unable to afford warm winter clothes. We would particularly love coats, jackets and vests, but will gladly accept all warm clothing, gumboots, thermals and winter PJs.

Please ensure that all clothing is freshly washed, with no holes or stains. A good guide is to think "would I give this to a friend?"

To see a complete list of **'What can be rehomed'** and for more information please visit: [www.tassiemums.org](http://www.tassiemums.org)
