### Secular Holiness

*Encounter with the Holy* will lead you into the heart of Holy and Gracious Mystery—the Holy One who dwells within and among us—using plain, poetic English. It explores how we encounter the Holy as we listen for the echo within where we hear the divine voice that sounds in our hearts.

Powerful. Life-changing. Whether or not you belong to a church. Responds to our inborn hunger to go beyond ourselves. Ecumenical. Includes suggestions for a new vocabulary of prayer. All in plain, poetic English sense lines that will stay with you forever.

You will read and re-read this book, mark it up in the margins, pause to ponder on the mysteries, and then buy copies for everyone you know!

### Prayer for Secular People

*The Echo Within* is a prayer book for you if you are someone who wants to pray, whether or not you belong to a church. It's a complete set of brief, modern prayers for the hours of the day, a resource for meditation with Holy and Gracious Mystery who is the Author of our very being, the Beloved One among us as teacher, healer, and friend, and the Wellspring of Holiness.

A blend of *Lectio Divina*, Personal Prayer, *Ignatian Discernment*, The Liturgy of the Hours, Centering Prayer, Meditation, & Mindfulness of the Indwelling Divine Presence.

You will want to put this prayer book into the hands of everyone you know who wants to pray in modern times.
