THE VOICE OF KALI

'Within every woman lives another woman waiting to be discovered'

by Ekta Bajaj

As the Goddess Kali knows, the power to create and nurture is a gift every woman possesses. But for many, knowing how to access and channel those innate characteristics isn't always easy, or obvious. In ***The Voice of Kali***, spiritual enthusiast Ekta Bajaj seeks to guide women, enabling them to awaken their instinctive qualities of empowerment and transformation and, in so doing, align with nature and fulfil their unique potential.

Kali symbolises spiritual and psychological liberation. 'I wish every woman to benefit from the positivity of a mental and emotional mindset,' says the author whose energy pervades this accessible and life changing book, healing, cleansing, trust and relationships just some of the topics included. 'My aim is to connect to women around the world. We all have the capability of being female warriors.'

Much of the text, which is complemented by the author's paintings, was revealed through meditation, dreams or visions. 'Everything that I have written has been experienced first hand. The book is my spiritual tribute to visions and guidance I have received throughout my life. The Kali moment is being able to look beyond what you see to what your soul senses.'

No woman - wife, mother, sister, daughter - regardless of her background, ethnicity or culture, is too young or too old to benefit from the wisdom which shapes each beautifully crafted page; the gentle style and encouraging narrative of ***The Voice of Kali*** radiates universal appeal.

Notes to Editors

The Voice of Kali is available in paperback (£8.96) and Kindle (£5.99) from Amazon.

Ekta Bajaj is co founder of High Wycombe based independent publishing company, Author In Me www.authorinme.com, a motivational speaker, voiceover artist and spiritual enthusiast.
