

The DORM Kitchenette

Use your
VERTICAL
space!

Separate
Freezer Mini-
Frig!

Make sure you
have the right
surge protector!

Personalize
your space with
baskets or bins!

Not all dorms
allow a
Microwave!

But almost
allow, Mini Frig,
Coffee Maker, &
Blender!

This unit is going to take up a 24" wide x 18" deep floor area and is 78" high to the top, but then add your basket height to get to 88"-90" and you have really maxed out some great storage for the room.

This is a great space to share, with each roommate getting three bins.

S-hooks are great for hanging things off this storage unit, you can see some towels hanging on the side as well as mop and broom. Use a folding tray on top of the frig, great to have on hand or put a microwave here!

You can do this Unit in White or Black

Baskets

Folding Tray

Microwave

Mini-Frig

Surge Protector

Get a pack of Zip Ties!

They can help to stabilize this unit if it feels a little unsteady.....We also used a D ring with some Nano Tape and Zip Tied it to the wall! Maybe a little overkill, but it worked!

Comment “Kitchen” and I’ll send you this document with all the links you need to order The Dorm Kitchenette Items, including useful tips and trick!
