Thank You to Our Team

We want to take this opportunity to send a heartfelt “Thank You” to our team at Fencing Specialists, Inc.

One year ago this month, we were faced with the unknown. The possibility that we could be shut down. We were running out of protective equipment, unsure how the virus was spreading and not certain if we would have our doors close.

At a time when things were so unsure, our team came to work early and, for months, worked six days a week. There were no complaints during this time, just an overwhelming sense of gratitude from every team member. Day after day and month after month, our team continued to show up and work hard. Due to their dedication, our company met deadlines and took on new customers that led to us having the best year on record.

Their hard work, camaraderie and talent continue to give our company the ability to set new goals every year. This team doesn't just come to work, they SHOW UP with new and better ways to speed production, ideas on how to get the job done right and a pride in their craftsmanship that shows in every job they do.

So much has happened over the last year and, no matter how you fared it, it was an unprecedented time. When Fencing Specialists, Inc. reflects on our year, we see nothing but the strength of our team. The dedication of each and every one of our skilled crew members and incredibly talented staff. So, Fencing Specialists, Inc. chose to use this space to write this thank you because, without the crew and staff, we would not be the company we are today.

Fencing Specialists, Inc. features our work on the following platforms Facebook (@fencingspecialistsinc), Instagram (@fencingspecialists) and Twitter (@FencingLasVegas) and we invite you all to be a part of our journey.
