★★★★★

The day I spent painting with Nikki Carter was the best day I'd had in a long time! Her fabulous talent guided me to actually produce something I'm proud of. I told Nikki I wasn't good at painting but with her support I ended up feeling better about my talent. To add to the wonderful day, Juan made paella, served with sangria, and/or champagne and being a beautiful day we decided to eat in Nikki's garden. There was a lot left over so we were all offered a serving to take home! Yummo Best day
