## **What Will Magnets Attract?**

| Item<br>Number | Description | Predicted Result | Actual Result |
|----------------|-------------|------------------|---------------|
| 1              |             |                  |               |
| 2              |             |                  |               |
| 3              |             |                  |               |
| 4              |             |                  |               |
| 5              |             |                  |               |
| 6              |             |                  |               |
| 7              |             |                  |               |
| 8              |             |                  |               |
| 9              |             |                  |               |
| 10             |             |                  |               |

1. What did the items that were attracted by the magnet have in common?

2. Which result surprised you the most? Why?
