Expert Collaborator:

DR. BENJAMIN DOMB | Orthopaedic Surgeon

T: 833-872-4477 | Email: BENJAMIN.DOMB@AMERICANHIPINSTITUTE.COM

Dr. Benjamin Domb is an orthopaedic surgeon specializing in Sports Medicine and Hip Arthroscopy. He graduated with honors from Princeton University, and was at the top of his class at John Hopkins School of Medicine, the #1 medical school in the country. He has been rated amongst the Top Doctors in the USA by the NY Times, US News & World Report, and Castle Connelly.

He is the founder and Chair of the American Hip Institute Research Foundation, a non-profit organization dedicated to educating, innovating, and improving the minimally invasive treatment of hip injuries. Dr. Domb has treated numerous professional, Olympic, and elite level athletes, including NFL, NBA, and NHL players. He has cared for the Los Angeles Lakers, Dodgers, Kings and Galaxy, and served as Head Team Physician for the WNBA Chicago Sky. Dr. Domb is amongst the most experienced Hip Arthroscopy surgeons in the world, and was the first surgeon in the United States to perform outpatient Robotic Hip Replacement. He is the inventor of cutting edge techniques in hip arthroscopy to repair injuries such as a torn labrum, impingement, and gluteus medius tears. Dr. Domb treats patients from across the country who travel to Chicago for their surgery, and he takes pride in caring for every patient like a professional athlete.

Expert Collaborator:

DR. JOHN JOSEPH FERNANDEZ | Hand Specialist

T: 312.432.2347 | Email: JOHN.FERNANDEZ@RUSHORTHO.COM

Dr. Fernandez has created and innovated some of the advanced surgeries currently popularized in the treatment of the hand, wrist, and elbow conditions. His original research has led to techniques minimizing surgical trauma while maximizing outcomes. As an innovator he holds patents in some of the very implants developed for these minimally invasive surgeries. As a microsurgeon, he has performed hundreds of successful microsurgical procedures. These have included replantations of amputations and complex soft-tissue and bone reconstructions for deformity, wounds, nerve injury, and tendon deficits. He is a board certified member of the ABOS and holds the highest distinction in hand surgery with a certificate of added qualification in hand and microsurgery. He is a fellow of the American Academy of Orthopaedic Surgeons and a member of the American Association for Hand Surgery as well as the American Society for Surgery of the Hand. Currently Dr. Fernandez serves as one of the team physicians for the Chicago White Sox, the Chicago Bulls, and the Chicago Steel.
