

PITT COUNTY HISTORICAL SOCIETY

FALL 2024 NEWSLETTER

President's Message

On September 18, 1927, Lucy Cherry Crisp called the first meeting of the Pitt County Historical Association. The Association did not function during the Great Depression and World War II, but it was rejuvenated in the 1950s by David Jordan Whichard. In 2027, we will celebrate the 100th anniversary of the Pitt County Historical Society's original founding and look toward our work for the next century.

Looking to our future, our Board remains committed to maintaining the Historic Red Banks Church property and to continue to share information on the history of our community. Please review this newsletter for information on our upcoming events for the fall of 2024 and spring of 2025 and a proposed brick sale fundraiser to support the Society's work.

We look forward to seeing you at our events this year.

Brick Walkway Fundraiser

Looking to our future, the Board remains committed to maintaining the Historic Red Banks Church property. Your dues are vital to the routine maintenance of the church, which includes termite and gas tank inspections and lawn care. To support major anticipated expenses in future years including tree removal, roof replacement, and painting and to minimize mud tracking into the church, the Board is proposing a capital campaign through a brick walkway fundraiser.

The proposed walkway would run from our lower parking lot toward the entrance ramp at the rear of the church. Bricks would be carved in the name of the purchaser or anyone the purchaser wishes to honor. To break even, the Board would need to sell 100 bricks at the price of \$100, and to begin to establish a reasonably sized fund, would need to sell 400-500 additional bricks.

Before undertaking this fundraiser, the Board is exploring its feasibility and is seeking member input. Please complete the Google form linked here and in the QR Code to give input. <https://forms.gle/2YuyVBsnmCAwwYk4A>
