#Hearts4Ukraine

Bend For Ukraine and UA&Co. invite you to take part in a powerful community art installation: **"#Hearts4Ukraine: Small Nation – Global Cause"**. This collaborative project symbolizes resilience, hope, and renewal, uniting us in a shared act of remembrance and solidarity.

Symbolism of the Hearts...

...**Melting Ice** – Represents the tears of mothers, a powerful tribute to both sorrow and strength in times of hardship.

...**Sunflower Seeds** – A symbol of renewal and resilience. As the ice melts, the seeds nourish birds in winter and blossom into flowers in summer, reminding us that from grief, new beginnings emerge.

...**Blue & Yellow Ribbons** – Represent Ukraine's enduring spirit and serve as a global call for peace, unity, and compassion.

HOW TO

Create Your Heart:

Use heart-shaped molds to freeze water.

Add sunflower seeds and small blue & yellow ribbons before freezing.

Choose a Display Location:

Hang your frozen hearts on tree branches where birds can access the seeds as the ice melts.

Share the Story:

Take photos of your installation.

Post on social media using

#HeartsForUkraine to spread the message!
#Hearts4Ukraine

Watch for New Beginnings:

In the spring, look for sunflower sprouts where seeds have taken root!
