

# Sigil of

## of Fertility & Abundance

*Crescent of cycles, wax and wane,  
call forth the seed, the sprout, the grain.*

*Spiral of earth, awaken below,  
from hidden roots let life now grow.*

*Arrow of passion, star of flame,  
quicken the womb, the field, the name.*

By soil and water, by sun and moon,  
By breath and spirit, by sacred tune,  
Let fertility rise, let creation sing,  
Blessed be this womb, this  
work, this spring.
