# MY STORY

I have loved weddings since I was a kid (my favorite movie is 27 Dresses). In college, I took up event planning for the business organization on campus and began serving at a country club wedding venue in my hometown. I just loved being in that environment and seeing things come together during events.

I dreamed up Mid-North as a project in college, never imagining it would come to life. I wanted to have a company that focused on affordability, sustainability, and inclusivity-three things you don't see much of in the wedding industry.

After planning my January 2023 wedding to my high school sweetheart, I worked as a coordinator for the country club. I worked on lots of weddings in the process. Once I left, I was asked by friends to help plan their weddings or help them day of. That is when I decided to give my college dream a chance, not thinking anyone would hire me. Anndd... here we are with a growing company and wonderful wedding couples like you making everyday worth it!!

## HERES WHAT OUR COUPLES ARE SAYING

### October 2025 Couple

We had the pleasure of working with Gwen as our day of coordinator in October. She was there every step of the way with planning, always willing to answer questions, and working out every minor detail of wedding day. We opted to have her handle all of our decorations which relieved sooo much stress for me the day of. Everyone involved in the wedding commented on how smooth everything went even when we had the inevitable hiccups during our big day. Gwen is seriously the best wedding planning friend, hype girl, and can bring any vision to life. Having Gwen as my point person between vendors, bridal party, family, and guests helped us to be able to enjoy our day so much more then I could have ever imagined. If you're on the fence of hiring Gwen, having a friend coordinate for you, or just winging it; take this as your sign to just book Gwen! You won't be sorry you did!!

### September 2024 Couple

Gwen is absolutely top tier! Our wedding day and rehearsal (and everything around, in between, and after) were incredibly smooth thanks to her expertise, skill, creativity, and efficiency. Gwen worked closely with our parents and family friends who were supporting our wedding day and everyone commented on what a delight she is - as a person AND a professional. Would absolutely recommend hiring Gwen for your wedding - she will transform your day and help everything feel light and easy for you! Gwen brought our vision to life and brought incredible creativity to anything that we didn't have a vision for.
