Extra Training Skills – Stand, Up and Off

Behavior: Stand	**Behavior:** Up/Off
Teaching stand can help your dog at the vet, groomers etc. • Ask your dog to sit or lay down. • Lure into a stand with a treat. • Click as your dog stands and give the treat. • As your dog begins to follow the treat reliably, drop the treat and lure with your target finger. • Click and treat for standing. • Repeat, until your dog is reliable then add the cue as your dog is standing “stand.”	• Use your target or lure your dog onto something, click and treat • Use your target or lure off onto the floor, click and treat • Repeat a few times • Begin to add “up” as targeting to jump up, click and treat on top of something • Begin to add “off” as targeting to jump off, click and treat with four feet on the floor • Repeat without targeting or a lure by using the word and pointing.
