

Inclusion Equality and Diversity

Inclusion

At Wesley we feel very strongly that all children should be included in all activities to the best of their ability. Our activities are planned to enable all children to take part regardless of age, gender, ability or cultural background.

One member of our staff has the specific role of SENCO (special educational needs coordinator). Where required to do so they will meet with other professionals, such as speech therapists, during the care of your child to ensure their needs are being met and to ease the transition to school. If you have any concerns about your child's progress we can also help ensure they obtain all the additional help they might need from the relevant Educational departments

Equality

Our sessions are planned to offer children the opportunity to develop positive attitudes about themselves as well as to people who are different to themselves.

Diversity

We welcome and value the diversity of family lifestyles. We encourage children and their families to contribute stories of their everyday life and provide opportunities for the children to learn about different families and cultures.
