

An Unforgettable Fusion

PYO Chai's Bubble Tea is inspired by the traditional tea preparation technique that originated in Taiwan and the signature South Asian flavors that we all love.

Our Values

Here at PYO Chai, we believe that a simple cup of tea can bring joy and connect people together. Drinking tea is universal, it is the only language everyone has in common.

We are customer obsessed. From the beautiful desi art seen throughout shop, to the neon signs, and live plants-- the moment you walk through our doors, we strive to make your your Bubble Tea drinking experience unforgettable.

The Million Dollar Question

PYO Chai came to life because of a simple question: how can we bring South Asian aesthetics to the mainstream, while also maintaining the cultural nuances?
