AP Calculus (AB)

Mr. Nicholas Chused

*Mr. Natelson is currently a high school math teacher and is an experienced mathematics teacher of 15 years.

This **six-week** course is intended to prepare students for taking the Calculus AB course in the coming academic year. The Calculus BC topics not included in AB may be covered in a separate class offered in Fall 2025. Preparing for a AP course is a great idea not only for getting a high grade in the upcoming academic year, but also for scoring well in the AP Exam at the end of academic year. Many colleges require an AP Exam score of at least 4 to transfer the course for college credit. Many colleges look at AP subject scores in the admission process.

Topics include:

Limits and Continuity, Contextual and Analytical Applications of Differentiation, Integration and its Applications, Differential Equations.

ONLINE COURSE

Mondays, Wednesdays, and Friday from 1:00pm – 3:00pm EST

This class will meet three times per week for two-hour sessions.

\$995

[Monday, 6/22 – Monday, 8/3]

Classes will not be in session through the Fourth of July weekend (7/3)
