CIRCUS OF MAYHEM

Circus of Mayhem is a solid, guitar driven, hard rock band out of Phoenix, Arizona. Their high energy live performances bring the fun to every show as they belt out original anthems like [Rock n Roll Nation](#) and [Leather and Whiskey](#)

Their musical influences are all over the rock n roll spectrum from the classic rock of the 70's, to sleazy 80's hard rock and heavy metal from the Sunset Strip, to the more aggressive metal from the 90's, and a variety of punk legends as well. These influences helped shape the song writing style and sound of the band.

With decades of experience under their belt, Circus of Mayhem delivers a quality show with a profesional and positive attitude. Their strong work ethic and passion for the music has helped them quickly rise to become one of the premiere hard rock bands in Arizona.

SHOUT OUTS

"Back in September, I had the boys from Circus of Mayhem on my show (The Yeti Radio). These guys are a group of seasoned musicians that are bringing the fun loving, guitar rock of the 80's and early 90's back."

"Circus of Mayhem played their first show at Creepsville and they simply killed it. Straight ahead rock, no BS. These guys made such an impression, I worked immediately to get them booked at the Whiskey with Bang Tango in December, they were that good. Looks like we're going to Hollywood."

Travis Kolasinski - Head Creep

"I had a spot open up on a big show scheduled for December. Circus of Mayhem were recommended to me by other musicians. I checked out there show at Creepsville to see them live and they delivered. I have a feeling I'll be booking them again real soon."
