ABOUT BSPA

Bharat School for Performing Arts (BSPA) – formerly Ansul's Dance Academy – was founded by Ansul Kumar Garg with the vision of giving every child a stage to "Perform Your Passion."

Ansul's journey spans over 15 years of professional experience, training with India's top choreographers, touring the world with the international musical Bharati – The Show (150+ performances across Europe & Asia), and being a Top 20 finalist on Dance India Dance. His training in Hip-Hop, Contemporary, Jazz, Ballet, Kathak, Folk, Bollywood, Gymnastics, and Martial Arts, combined with international exposure at the Urban Dance Camp (Germany), laid the foundation for BSPA's unique curriculum.

Since 2007, BSPA has trained thousands of students across India, partnering with leading institutions, schools, and preschools to deliver structured performing arts education.

"As a performer, teacher, and mentor, I have always believed the arts are more than steps or scripts – they build discipline, creativity, and confidence for life. At BSPA, our mission is to nurture performers who carry these values on and off stage."
