THE MISSION: The Healthcare Freedom Fund has now qualified as a multi-candidate PAC and vehicle to support Health Care professionals running for Congress. In concert with other elected Doctors, HFFund will support and help elect candidates who understand and work in the industry and will advocate for common sense solutions. "America has a healthcare mess on its hands. Now is the time for Healthcare Freedom, and that is only possible with conservatives who know that government always makes things more expensive and that no one spends your dollars as wisely and effectively as you do.
