

5 WAYS TO WORK WITH ANXIETY

1. What are you predicting will happen, and what is the likelihood it will actually happen?
2. What are the best case scenarios and most likely scenarios?
3. How many times have you made this prediction and it came true?
4. If the worst-case were to happen, what would you do to cope with it?
5. What are the costs and benefits of worrying about this?
