WELCOME TO THE METALLIFORM FURNITURE CATALOGUE

Inside this catalogue, you will find comprehensive information on our diverse product range, including the many options and customisations available to meet your unique needs.

ABOUT METALLIFORM

Proudly British and based in the heart of Barnsley, Yorkshire, Metalliform has been manufacturing high-quality furniture for over 80 years. Our 80,000 square foot facility is home to more than 100 skilled professionals, enabling us to deliver exceptional service and fast turnaround times across the UK and internationally.

We specialise in supplying robust, stylish, and functional furniture to a wide range of sectors including Schools, Colleges, Universities, Local Authorities, Construction, Office Suppliers, and Purchasing Catalogue Customers.

At Metalliform, we are committed to quality, compliance, and choice. Our products meet stringent European Standards, and we offer one of the widest selections of furniture configurations available, over 1 million combinations of size, colour, and shape. Whether you need high-volume standard items or tailored bespoke solutions, we have the flexibility and expertise to deliver.

We hope this catalogue inspires your next project and helps you find the perfect solution for your space.

ranging from 22 to 800 tonnes, they cater to diverse industries with flexibility and precision. ISO 9001:2015 certified, Fisher Plastics is committed to delivering high-quality, cost-effective solutions.

Our Journey to Net Zero

NET ZERO
CARBON EMISSIONS

By 2045

At Metalliform, we are proud to support Barnsley Council's commitment to becoming a net zero carbon emissions organisation by 2045.

Metalliform joined the Net Zero Accelerator programme at The Business Village. This initiative is designed to help companies measure and understand their baseline carbon emissions, providing a solid foundation for meaningful environmental change.

Operating from buildings dating back to the 1960s brings unique challenges in our journey toward net zero. However, our commitment is shared company wide. What began with involvement from our Health, Safety, Quality and Environment Manager and Production Engineer has since expanded to include every member of the Metalliform team.

From our sales team working closely with customers on sustainable solutions, to our purchasing team supplying vital data for emissions assessments, and our marketing team sharing our progress, the drive toward sustainability is embedded across all departments.

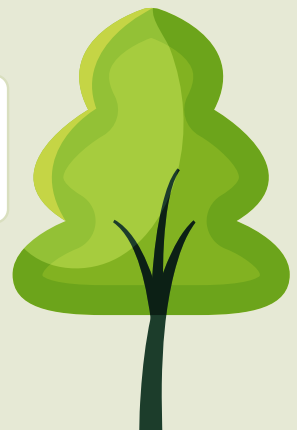

Even before joining the programme, we were actively reducing our environmental impact through waste control initiatives, investment in electric vehicles, PIR lighting, energy management technologies, and adoption of best practices. The Net Zero Accelerator programme has helped us build on this foundation by providing expert consultancy support and facilitating a thorough energy audit of our premises. These insights have enabled us to explore innovative and practical strategies for further reducing our emissions.

The programme encourages a spirit of openness and shared learning, participants are encouraged to exchange ideas and best practices without hesitation. It's a supportive community where every company, no matter its starting point, is welcomed.

As a proud British manufacturer based in Barnsley, we're embracing the transition to a more sustainable future with optimism, teamwork, and a clear sense of responsibility.

Furniture That Doesn't
Cost The Earth

Our Carbon Footprint

Our annual output of current carbon emission equates to:

109 million cups of tea being made

5,598 return flights from
London to New York

FSC® Chain of Custody Certification

We are proud to announce that Metalliform has achieved FSC® Chain of Custody (CoC) Certification (FSC-C191111), a significant milestone in our ongoing commitment to sustainable and responsible business practices.

The Forest Stewardship Council® (FSC®) is an internationally recognised, not-for-profit organisation that promotes responsible management of the world's forests. FSC® Certification ensures that products bearing its label come from responsibly managed forests that provide environmental, social, and economic benefits.

Chain of Custody (CoC) Certification is a rigorous process that verifies the traceability of FSC® Certified materials through every stage of the supply chain from forest to final product. This certification confirms that our practices meet strict standards for sustainability, transparency, and ethical sourcing.

Achieving FSC® CoC Certification is more than just a compliance step, it reflects Metalliform's broader sustainability goals and our proactive approach to environmental stewardship.

It allows us to offer our customers certified products with full assurance that they originate from responsible sources, supporting global efforts to conserve forests and protect biodiversity.

This certification further strengthens our position as a forward-thinking British manufacturer, reinforcing our role as a trusted partner to schools, businesses, and institutions seeking environmentally responsible furniture solutions.

To learn more about FSC® and its mission, visit www.fsc.org

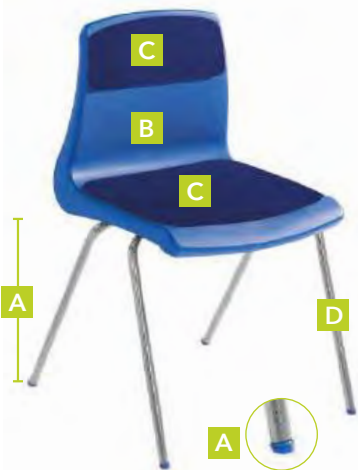

How To Order Guide

To ensure you choose all the required options when placing an order, we have shown below examples of the typical options you may need to select:

CHAIRS

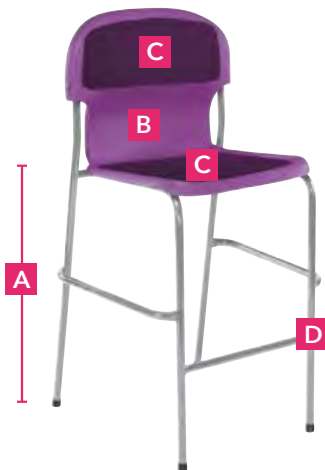

CHAIR ORDERING EXAMPLE

Follow these steps that apply to your requirements:

- A** Seat height
Example: **NP6** (460mm)
- B** Shell colour
Example: **BL** (Blue)
- C** Fabric colour (optional extra)
Example: **SCUBA**
- D** Frame colour
Example: **DP1** (Duraform Speckled Light Grey)

NP6-BL-SCUBA-DP1

STOOLS

STOOL ORDERING EXAMPLE

Follow these steps that apply to your requirements:

- A** Seat height
Example: **2104** (620mm)
- B** Shell colour
Example: **PU** (Purple)
- C** Fabric colour (optional extra)
Example: **TAROT**
- D** Frame colour
Example: **DP1** (Duraform Speckled Light Grey)

2104-PU-TAROT-DP1

TABLES

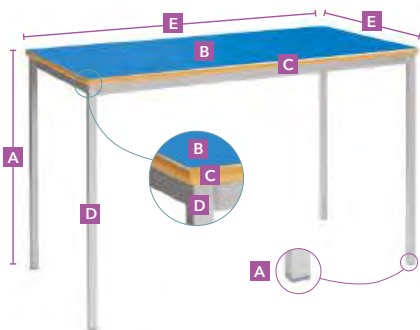

TABLE ORDERING EXAMPLE

Follow these steps that apply to your requirements:

- A** Table height
Example: **760** (760mm)
- B** Laminate colour
Example: **BL** (Blue)
- C** Edge style (+ colour if applicable)
Example: **MD** (Standard MDF Bullnose)
- D** Frame colour
Example: **DP1** (Duraform Speckled Light Grey)
- E** Table top size
Example: **SQSS-126** (1200 x 600mm)

SQSS-126-76-MD-BL-DP1

If you're unsure about which product codes you should require, please get in touch with our Customer Service Team.

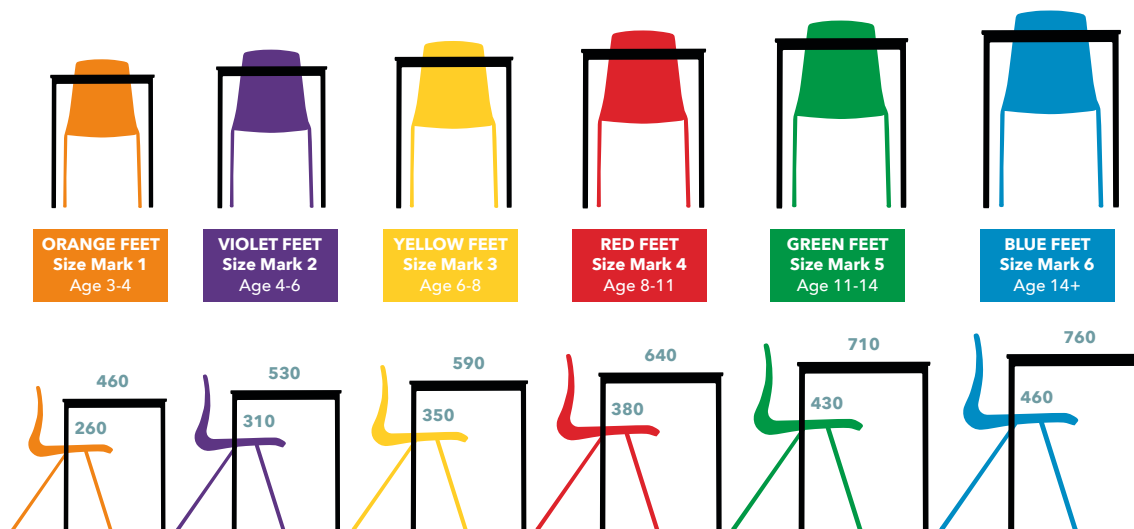

Standing & Working Heights

To help you purchase furniture that complies with the British and European Standards (1729), the following height guide indicates which fixed seat heights and table heights are suitable for the correct age and size. To ensure you purchase the most accurate height furniture correct in compliance with the standards, we recommend that you measure the stature and popliteal height. You can then match those measurements using the guide below.

	SIZE MARK	AGE RANGE	POPLITEAL HEIGHT RANGE	STATURE RANGE	STANDING TABLE HEIGHT	TABLE HEIGHT	CHAIR HEIGHT (SH)
1	NURSERY	3-4 years	250 - 280mm	930 - 1150mm	590mm	460mm	260mm
2	PRIMARY	4-6 years	280 - 315mm	1080 - 1210mm	710mm	530mm	310mm
3	PRIMARY	6-8 years	315 - 355mm	1190 - 1420mm	760mm	590mm	350mm
4	PRIMARY	8-11 years	355 - 405mm	1330 - 1590mm	900mm	640mm	380mm
5	SECONDARY	11-14 years	405 - 435mm	1460 - 1765mm	1000mm	710mm	430mm
6	SECONDARY/ADULT	14 +	435 - 485mm	1590 - 1880mm	1000mm	760mm	460mm

POPLITEAL HEIGHT

Popliteal height defines the correct seat height. The measurement is taken from the floor to the back of the knee when seated, with thighs horizontal and lower leg vertical with feet flat to the floor.

STATURE

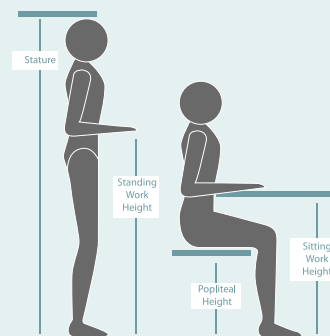

Stature is from floor to the top of the head.

SITTING WORK HEIGHT

Sitting work height defines the correct table height. The measurement is determined by sitting elbow height, which is the distance from the floor to the underside of the elbow whilst sitting with the upper arm vertical and the lower arm horizontal.

STANDING WORK HEIGHT

Standing work height defines the correct standing table height. The measurement is determined by standing elbow height, which is the distance from the floor to the underside of the elbow of a standing person with the upper arm vertical and lower arm horizontal.

Important Ordering Information

When ordering please state: Code and description of the product you require from the options shown.

Care & Maintenance

The frame and top connection should be checked every six months. The feet should be checked periodically and replaced as and when required. Clean periodically with a non-abrasive cleaner and a warm damp cloth.

Delivery Times

Our standard delivery time is 4 weeks. During School summer holidays our turnaround times will extend.
