Konnnect

Shelving / Storage / Zoning

Konnnect is a modular shelving and storage system designed to transform workspaces into efficient, flexible zones. Its sturdy metal frame accommodates a variety of accessories, including functional storage, greenery elements and media displays.

Engineered for adaptability, the system allows easy reconfiguration to keep pace with evolving needs. With minimal plastic components and sustainable materials, Konnect combines durability with eco-conscious design. Whether optimising organisation or enhancing collaboration, Konnect delivers a tailored, dynamic solution for any environment.

Tower

Auditorium / Zoning

Tower is a modular system that redefines seating and zoning for modern workspaces. Featuring single and double-width modules with half-height steps, Tower allows you to create lounge areas, collaborative zones, or tiered seating for presentations.

Its adaptable design makes it easy to reconfigure as needs change, providing a flexible foundation for dynamic environments. Simple to assemble and endlessly customisable, Tower offers a practical and stylish way to maximise functionality in multifunctional spaces.

Lounge / Meeting / Work-Café

CHAIRS & STOOLS

The Antalya collection offers adaptable seating designed for co-working, meeting, and work-café settings. Manufactured in the UK with sustainability in mind, this range combines high-quality materials with a clean, contemporary aesthetic.

Featuring a minimalist steel frame and gently curved lines, Antalya introduces a touch of industrial elegance. Available as side chairs, lounge chairs, and barstools, each piece can be customised with a black or coloured frame, paired with show wood or upholstered finishes. Ideal for flexible environments, Antalya delivers durability, versatility, and style.

Kavli

Meeting / Office / Work-Café

Kavli is a flexible, high-stacking seating range built around a robust plastic shell, designed to suit a variety of spaces across workplace and hospitality settings. The collection includes a four-leg chair, sled base and bar stool – with both chairs available with or without arms.

Chairs can be specified with a fully upholstered seat and back, a simple seat pad, or left as a clean, wipeable shell. A wide choice of finishes means Kavli can be adapted to suit different interiors, from meeting rooms and breakout areas to busy public spaces.

The product can stack up to 25 high on a trolley, making it a practical option where space needs to work hard and storage is key.

Konya

Meeting / Work-Café

Konya delivers a refined seating collection with an organic, contemporary design. Constructed from durable, fibre-glass-reinforced polypropylene, Konya is suitable for both indoor and outdoor use.

The range includes side chairs and barstools in four colours, with optional upholstered seat pads for added comfort. Combining durability with elegant lines, Konya is an ideal choice for collaborative spaces, co-working areas, and work cafés.

Loria

Meeting / Office / Work-Café

The Loria collection features a one-piece polypropylene shell available in side chair, armchair, and barstool options. With frame choices that include metal, polypropylene, or beechwood in four-leg, sled, and swivel configurations, Loria is suitable for a variety of settings.

The collection is available with a plain shell, an upholstered seat pad, or a fully upholstered shell, offering customisable comfort and style options. Designed for use in work-cafés, breakout spaces, meeting rooms, and visitor areas, Loria provides a versatile seating solution with a contemporary aesthetic.

🌱 The Warm Grey colour option is specifically composed of a blend of 50% post-consumer plastic waste and 50% post-industrial plastic waste, making it 100% recycled.

Neve

Breakout / Lounge

The Neve collection offers configurable seating solutions with one, two, and three-seat options, customisable with or without arms to suit any modern workspace. Available in a wide range of fabric finishes, Neve allows you to tailor colour and texture to match your décor seamlessly.

Built with a solid timber frame and a metal base, Neve features soft, domestic-inspired cushions supported by a webbing suspension system for added comfort. Designed with sustainability in mind, Neve is a fully circular product, engineered for disassembly to enable re-use, refurbishment, or relocation. With our online configurator, creating your perfect Neve sofa is simple and efficient.

Antalya

Breakout / Meeting / Office / Work-Café

The Antalya Table collection is a versatile range of tables, carefully designed for various workspaces, including co-working, meeting, and work-café environments. Manufactured in the UK with a focus on sustainability, the collection combines high-quality materials with reliable construction, ensuring long-lasting performance.

These tables are highly adaptable, with options for power and data connectivity, making them ideal for collaborative and productive settings. The Antalya Meeting Table is perfect for group settings, while additional options such as the Poseur Table and Bistro Table cater to more casual work-café environments. The Laptop Table, designed for flexibility, fits seamlessly into a variety of spaces, offering convenience for mobile working.

Power & Data

Contact sales on 01295 221353 or at sales@ornfurniture.com for Power & Data details and pricing.
Power & data unit location restrictions apply - cannot be specified in the centre of a 6 legged table.

Details

- Upholstered Seat Pad is fixed to bench using velcro
- Adjustable feet as standard
- Foot rail is metal
- Veneer & Fenix table tops available on request
- Table top & frame finish details page 254
- UK Manufactured
- Fabric grouping details - page 256

Axiom

Breakout / Meeting / Office / Work-Café

The Axiom table and bench set is designed for high-traffic areas such as offices, workspaces, and educational environments, providing a durable and reliable solution. Featuring a robust frame for strength and stability, the set's modern design fits effortlessly into diverse environments.

Available in a variety of finishes, Axiom can be customised to suit specific requirements, whether for meetings, collaborative work, or other uses. Its durable construction and adaptable style make it an ideal choice for any workspace in need of long-lasting, functional furniture.

Fio

Breakout / Meeting / Office / Work-Café

Fio is a modern cuboid table range, designed with a recessed tabletop that sits neatly within the frame. This creates the appearance of a thin surface, contributing to the minimalist style that Fio is known for.

The recessed tabletop adds a refined touch to the design, enhancing its overall aesthetic. The collection includes a side table, low coffee table (available in four sizes), and high coffee table (available in four sizes), providing flexibility to meet a variety of needs. Perfect for reception areas, lounges, and breakout zones, Fio is a versatile choice for both formal and casual spaces, blending modern design with practicality.

The Jinx table is a handcrafted, high-quality piece made from sustainable timber, designed for durability in high-traffic areas. Featuring a metal connection bar on the meeting and poseur tables, the Jinx table offers a robust and sturdy construction, making it an ideal choice for contract use in demanding environments.

Part of a complete product family that includes side chairs and barstools, Jinx provides a cohesive solution for various spaces. Its solid build and versatile design make it a reliable option for both commercial and communal settings, delivering both style and practicality.

Kobel

Breakout / Meeting / Office / Work-Café

Kobel Meeting Table (Wooden Legs) with Fully Upholstered Loria Armchairs

The Kobel collection features contemporary office tables, available in both meeting and poseur table heights. Choose between a modern Gantry overhead frame or a classic table frame, with options for a metal frame or wooden legs, ensuring flexibility in design.

Enhance your Kobel table with the optional fabric or PET Felt screen, which adds privacy and helps maintain focus. Designed for durability, Kobel promotes productivity while offering a sleek, stylish appearance. Its modular construction also encourages sustainability through easy disassembly, allowing for re-use, refurbishment, or relocation.

Losa

Breakout / Meeting / Office / Work-Café

Losa is a refined collection of coffee and side tables, crafted from solid timber. The bullnose edge detail enhances the natural beauty of the timber, ensuring both durability and a timeless aesthetic.

The solid timber construction guarantees sustainability and strength, while the bullnose edge adds elegance, highlighting the timber's unique characteristics. The slab design comes fully assembled, allowing for immediate use upon delivery. Ideal for reception areas and lounge spaces, Losa combines functionality with enduring style.

Nalma

Breakout / Meeting / Work-Café

Nalma is a meeting table range with a distinctive angled leg detail that gives it character without shouting for attention. It's designed to sit confidently in both informal and more polished settings – from collaborative project spaces to relaxed meeting areas.

Available in a variety of sizes and shapes, Nalma pairs a solid red oak frame with a durable MFC, laminate or Fenix top. The structure is clean and open, offering generous legroom and clear sightlines all round.

The range also includes a matching bench, stool and bar stool (page 68), all available with an optional upholstered seat in a fabric of your choice – making it easy to build a cohesive space with just the right level of comfort.

Nova

Nova is a straightforward, picnic-inspired table and bench set, designed for durability in high-demand dining or breakout areas. Featuring a fully welded frame and 40mm thick table and bench tops, the Nova set offers robust construction, ensuring it can withstand heavy use over time.

Its design allows for versatility, offering the option to create striking colour combinations with bright powder-coated finishes. This makes Nova both a functional and visually appealing choice for various environments, from office dining areas to collaborative spaces.

TABLES

Quatro+ extends the popular Quatro table range, offering a rectangular tabletop option for greater design flexibility. This versatile table is ideal for office and educational environments, where space is limited. Its flip-top feature allows for easy storage and mobility, making it a convenient solution for dynamic settings.

With options for castors, feet, or a combination of both, Quatro+ can be customised to suit specific needs. The sleek, modern design complements a wide range of seating products, available in various finishes to match any interior. Its durable construction ensures longevity, making it a strong choice for high-usage areas.

Verge

Breakout / Meeting / Work-Café

The Verge table collection features handcrafted wooden tables made from beech timber, designed for durability in high-traffic commercial and contract environments. Perfect for office breakout spaces, Verge is available in various sizes and finishes to suit different needs and preferences.

As part of a wider family of products, including chairs and barstools, Verge allows you to create a cohesive look across your space while ensuring each piece meets your specific requirements for durability and style.

Virka

Desking / Office / Workstation

Virka is a height-adjustable desk range built for everyday use. Simple to operate and solidly constructed, it's a no-nonsense choice for workspaces that need flexibility without complication.

Available as a single desk or a back-to-back unit, Virka features a robust steel frame, a clean 25mm top, and a reliable three-stage electric lift mechanism. Controls are straightforward, the design is unfussy, and everything is made to last.

It's the kind of desk you don't have to think about – it just works.

Converse

Converse is a collection of flexible soft-seating solutions with three height and three width options, ideal for semi-private moments in the workplace. Designed for comfort and practicality, Converse features a deep foam seat and can be finished in one or two tones from an extensive range of fabric options, ensuring it integrates seamlessly into any workspace.

With optional power and data capabilities beneath the seating, Converse adds functionality to its versatile design. Its structured form also makes it an effective solution for zoning areas, providing both comfort and spatial definition in dynamic environments.

Converse Station

Part of the Converse range, the Converse Station is a fully-configured private booth designed to enhance productivity, creativity, and relaxation. Featuring acoustic materials to minimise ambient noise, it provides a quiet and focused environment within any workspace.

Available in two, four and six-seater configurations with optional power and media integrations, the Converse Station offers both functionality and flexibility. With a choice of one or two-tone finishes from a wide range of fabrics, it seamlessly fits into any setting while maintaining a clean and simple design.

Plats

The Plats collection is a versatile solution designed to meet the diverse needs of modern workspaces. Divided into three key products—Plats Seat, Plats Booth and Plats Workstation—the range allows for tailored configurations to suit a variety of settings and requirements.

As standard, units are supplied without additions on the back, but they can be upgraded with a variety of options to enhance functionality. These include back-to-back configurations, open arm units, integration with Konnect grid-shelving or Locker products, and even presentation units featuring an extended Kobel table. From screen dividers to power and data integrations, fabric finishes, and table top options, Plats offers extensive flexibility and customisation to create the ideal workspace solution.

The Plats collection is available on our online configurator, allowing you to design and personalise your perfect unit(s) with ease. Once configured, our helpful sales team will provide a tailored quote to bring your project to life.
