

Educational Furniture 2026

Your Educational Furniture Specialist

We create inspiring learning environments where students can thrive.

From secondary schools to universities, our expertly designed furniture combines durability, functionality, and style to create spaces that support learning, encourage achievement, and help maximise potential.

WE SET THE BAR HIGH

Quality underpins everything we do. Our processes, systems, and partners are independently accredited to recognised industry standards, including quality, environmental, and health & safety accreditations. Ensuring consistent compliance, performance, and reliability across our entire operation.

RE.THINK

As an ethical and conscientious furniture manufacturer, we recognise our responsibility to the environment and to reducing our impact on it. This responsibility extends beyond our own operations to our customers, dealers, and partners. Through re.think, we offer a range of services designed to support and strengthen our customers' sustainability initiatives.

SUSTAINABILITY

As one of the UK's leading furniture manufacturers, sustainability is central to our business. We are reducing our environmental impact through investment in cleaner energy and a lower emission fleet, supporting our journey to Net Zero by 2035. Through our re.think brand, we also provide a comprehensive waste management service.

WE COME TO YOU, OR COME TO US

We offer speedy delivery & installation services across the UK or we have seven nationwide locations you can collect from if required.

Next day, subject to cut off times, or economy if there is no rush, we have the solution you need.

WE GO THE EXTRA MILE

Dams lead the market in end-user delivery and installation services. Our standard 2-Person Delivery arrives within 2–4 days, while Premium 2-Person Delivery offers next-day or scheduled delivery. Both include room-of-choice placement, pre-booking and a one-hour pre-arrival call. For simpler requirements, Express Delivery provides a convenient kerbside service, with cut-off times of 3pm for Premium and 4pm for Express. We also offer furniture recycling.

For a complete white-glove experience, our expert teams deliver, install, and set up your furniture with exceptional care. Choose standard installation within 5–7 days or Premium installation from just 48 hours after ordering. For larger projects, dedicated project managers oversee everything from site surveys and risk assessments to final installation.
