MADE IN THE UK

Polycolour FR®

Polycolour FR® noticeboards are acoustically absorbent panels with a felt like finish which are flame retardant to BS EN 12501 Class B Fire Rating. They are made from 100% PET plastic which depending on the colour, contain up to 90% post-consumer material. Polycolour FR® are also recyclable in the PET waste stream.

They can be installed on walls and ceilings, in office furniture systems, as decorative tiles and even finished products. The boards are tackable for a multipurpose solution in office spaces and educational facilities.

- Choose from a wide range of colours, sizes and frames
- Standard 9mm thickness
- Class B Fire Rating
- Choice of 6 sizes and 8 colours
- Manufactured in the UK
- Boards are made to order
- Other colours are available (6-8 week leadtime)
- Also available in custom sizes. Contact us for a quote.

Product Guide | **19**

Premium Glassboards

Magnetic glass boards combine perfect design, saturated colours and elegance. Ideal for offices, restaurants and the home, glassboards are made of glass, covered with paint on the reverse side and galvanized sheet-bonded together. They have rounded corners which make them safe to use. Dry-wipe properties mean your annotations can be changed whenever you want.

Our premium range of glassboards are manufactured in the UK to a high standard and available in any RAL colour - you choose.

- 4mm low iron toughened glass to EN12150 Class 1 with all edges polished
- Back painted to any standard RAL colour
- RAL colours are available in a magnetic and non-magnetic finish
- Clear finish available in non-magnetic only
- Vinyl protective backing
- Magnetic glassboards have 0.9mm zintec backing
- Invisible fixing – galvanised steel with adhesive backing and wall hook or stand off fixing – 25mm x 25mm satin finish aluminium
- Pen tray available at additional cost
- If ordering a RAL colour, please state reference number with your order

Frame Stands

Frame stands are the perfect solution for simple, low cost, free standing displays. The frame is a high quality silver anodised snap frame. The pole is telescopic, so the height of the stand can easily be altered and the head of the post can be rotated through 360 degrees meaning the frame can be displayed portrait or landscape.

- Strong and lightweight aluminium construction
- 3-way adjustable frame angle
- Telescopic pole
- Heavy duty steel bases

MADE IN THE UK

"5 out of 5 stars - the service and follow up was particularly good.
It was friendly and understanding, and best of all human. (Opposite to the depressing call centre scenario.) Felt like being in touch with a firm where people care about what they do, which is refreshing and uplifting, and makes such a difference to one's everyday experience."
