News and Updates

Celebrating Annual Conference

Thank you to everyone who stopped by the Faith Responders table to learn more about the ministry and to sign up for our newsletter updates. It was an inspiring conference, and we were overwhelmed by the outpouring of support. We are excited about the many opportunities to partner with local churches for training and assisting those affected by a disaster. There is a place for everyone who wants to serve. We would love to come and share more with your church about the many ways you can become involved in helping families after a storm or crisis in a community.

Current Activities

Currently we are working in the Taylor and Suwannee County areas to assist homeowners who were impacted by Hurricane Idalia. Many of the families, whose homes were damaged by flood waters or high winds during the storm, are still working to recover. Volunteer teams are assisting with home repairs and continued debris cleanup or removal.

Faith Responders is helping by partnering families with Family Advocates to help identify needs and offering assistance such as building materials, appliance replacement or household goods as needed. We appreciate your prayers and support to help these families in need as many of them are older individuals on fixed incomes who cannot recover on their own.
