Tallahassee Tornadoes saw God's love at work!

News and Updates

May 10th Tallahassee Tornadoes

After the 110-115 mph winds died down, Faith Responders saw several miles of destruction and heard the horrible news of two (2) lives lost due to the tornadoes. One of the deaths was a 17 year old who sustained injuries while walking to her bus stop and died in the hospital. The Red Cross estimates approx. 400 homes were destroyed or received major damage and another 1700 received some home damage. Through Faith Responders efforts, we assisted 18 families in clean up, debris removal and with tarping their homes.

One single Dad saw complete devastation of his home in the short time it took him to drive

his two girls to school. When he returned, his home was crushed by a large oak tree. Thankfully no one was home and their dog was unharmed after finding him huddled under some debris. They have been in a RedCross shelter since May 10 and will be for many, many more months.

We need to sincerely thank the following for their tireless efforts and kind donations:

Tallahassee Heights for housing volunteers and helping with meals for volunteers
YouFit Gyms for partnering with us for shower facilities
