After Angelina created my CV, I started applying to jobs on June 7th, and within 3 weeks I had 11 interviews with 11 different companies. By the end of the month, I also had 3 offers, and still got to the final stage of 2 more companies.

Without Angelina's support, I would have never been so successful in my interview process. Angelina gave me the opportunity to pick the best job for my professional career and be able to show my real value in the market.

Besides the knowledge and all the experience, she provided wonderful guidance throughout my process and was always very kind and responsive at all times.

I would be more than happy to talk about Angelina's services on a 1:1 for any questions.
