

## ASSURED PROTECTION & CONSULTANCY PTE LTD

4 FEBRUARY 2016

Assured Protection & Consultancy Pte Ltd has been clients of Laurus Management for some 10 years or so. Initially, they were our ISO consultants when we were operating in the security industry under a different banner.

When we established Assured Protection we again engaged them for our ISO as well as some training of our security officers. Their service is always professional and with their help we always cleared our ISO audits smoothly.

In 2013 we needed the help of Jaya Anand and his team of Laurus Management again. We had obtained a "C" for the annual Police Licensing and Regulatory Department (PLRD) Grading Exercise and were at risk of losing some of our anchor clients.

Jaya Anand and his team at Laurus Management, were as usual, up to the task! We embarked on a holistic approach to improve our operations, our technology and all supporting infrastructure all spearheaded by Laurus Management.

With their support we achieved an "A" for the 2014 PLRD Grading Exercise; a startling two-fold jump! Last year we again maintained our "A" grade for the 2015 exercise with Laurus Management there to guide us.

We will certainly be using them this year and for the foreseeable future for the grading exercise, our ISO audits and any professional service which is under their purview.

I wish Jaya Anand all the best!

ISWARY D/O VENU  
MANAGING DIRECTOR
