

YOUR DONATIONS DO MAKE A DIFFERENCE

Isaack

Have you ever wondered how your donations to the Lemong'o Project have been used? Although our program expands much further, in this issue we will introduce you to one person who's looking forward to a brighter future due to the direct impact of your generous assistance.

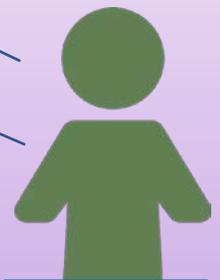

Education matter a lot in our my Community since is a very local community. The people need to be educated for better development of the community at large. Isaack

Isaack ranked first in his Belgrove class.

You supported Lemongo's PreK to grade 8 school, Belgrove, by paying for teacher salaries, books & materials.

Isaack graduated from secondary school in December 2016.

You may have opted to individually sponsor Isaack's secondary school tuition.

You

The very difficult situation that I experience in life such as having one parent has really influenced my development, this has made me usually to work hard having in my mind that my family really need me in future.

Isaack's mother struggles to feed her family each day.

Your generous donations support the free school lunch program providing Isaack and his siblings with nutritious meals allowing them to achieve success in school each day.

Isaack's family has:
 Grandmother, Coco (age 100); Mother, Beatrice (single parent)
 And eight children

I want to get a College education because the moment I graduate from college education I will be free, working in Kenya and start earning my livelihood and serve my family.

Isaack's hard work and motivation have paid off. After graduating from high school, he has been giving back to his community by volunteering at Belgrove Primary. He hopes to attend college and become a teacher.

Isaack is very grateful for the support of The Lemong'o Project and his education sponsor.

Your generous donations *are* making a difference. Please consider continuing your support by visiting our donation page at: <http://www.thelemongoproject.org/donatenow>
