

Dore Village Kids After School Club

Mobile Phone & Wearable Technology Policy

Dore Village Kids accepts that mobile technology is part of the ever changing digital environment that we live and work in. Dore Village Kids continues to foster a 'culture of safety' in which the children and staff are protected from abuse, harm, and distress. We therefore have a clear policy on the acceptable use of mobile phones, tablet computers and wearable technology that have imaging and sharing capabilities, that is understood and adhered to by everyone; staff, children and parents.

Abiding by the terms of the club's policy ensures that we all:

- Protect children from harm and abuse
- Ensure privacy is respected and online safety is preserved
- Prevent staff from being subject to false allegations
- Help staff remain focused on the care of children
- Work in an open and transparent environment.

With the evolution of mobile phones, tablet computers and wearable technology that have camera facilities and sharing capabilities as standard, it is of the utmost importance that the way we deal with technology is managed safely.

Staff use of mobile phones, tablet computers and wearable technology

Personal mobile phones belonging to members of staff should be kept in a cupboard in the kitchen during working hours.

Only tablet computers that are owned and maintained by Dore Village Kids are permitted to be used on site. These have appropriate safeguards for their use and the use of the image taking capabilities.

Wearable technology such as Smartwatches and Fitbits (this list is not exhaustive) are permitted to be worn by staff but may only be used as a watch when working with children. This means that all other functions including imaging and sharing capabilities must be disabled (using flight mode or by switching off Bluetooth).

If a member of staff needs to make an urgent personal call they can use the club phone or make a personal call from their mobile in the kitchen.

If a member of staff has a family emergency or similar and needs to keep their mobile phone to hand, prior permission must be sought from the Manager or Deputy.

Under no circumstances may staff use their personal mobile phones or wearable technology to take photographs at the club during working hours.

Children's use of mobile phones

Children are not permitted to use mobile phones at the club. If they have a mobile phone, this should be given to staff on arrival at the club and will be stored in the kitchen. It will be handed back to the child when it is time for them to go home.

The club does not accept any responsibility for loss or damage to mobile phones brought to the club by the children.

Visitors' and parents use of mobile phones

In the interest of safeguarding we ask all parents and visitors not to use their phones or other mobile devices on club premises.

Taking of photographs by parents or visitors is **strictly prohibited**. If a parent would like to have a photograph of their child involved in an activity or at play, they can ask a member of staff to take one using the club camera.

Guidance

To safeguard children and practitioners online, our staff will be encouraged to refer to "Safeguarding children and protecting professionals in early years settings: online safety considerations".
