A highly skilled and versatile award winning director and lighting cameraman - I offer the rare combination of being a highly respected director, with a passion for storytelling, striking visuals and building strong relationships with crew, talent and contributors; with the ability to shoot and light to the highest of standards. I am equally comfortable directing single or multi camera setups, self-shooting or working as a DOP - this wide range of skills and versatility makes me a valuable asset to any production. I pride myself on being hard working, quick thinking and enthusiastic. I am very approachable and personable, and have a great ability to quickly adapt to any situation and deliver great content. I am a qualified and skilled drone pilot, and own my own camera and lighting Kit.
