Fenders	Yes (Diamond Plate)
Safety Chains	Yes
Brakes	No
Lockable	Removable Tongue
Lock Type	Combination
Cooling Fans	2
Radar	Standard
Removable Tongue	Yes
Stabilizers	Yes
Rotating Mast	Yes
Axle Rating	1,200 lbs

Remote Monitor	Yes
Camera Mount	Manual PT 360°
Single Person Deployment	Yes
HD Enclosure Coating	Yes
Service Location	Little Elm, TX

## **Robust design. Without compromise.**

Reliability is the key. The trailer is built with reduced maintenance in mind. As weather goes from hot to cold and then back to hot, camera positioning becomes a problem. With the sturdy materials and high-friction surfaces that are central to its design, this low-maintenance system is a pleasure to employ.
