15	We definitely need a vet's office here. I know many people who have pets who don't own a car who can't make it to Kamloops to get their pets checked up or helped in an emergency.	11/4/2020 8:08 AM

22	I have 5 horses, 1 dog and 2 cats. Would be very convenient to have a local vet as we have very busy work schedules and it is tough going to kamloops for regular vet checks and call outside are usually expensive for a vet to come out from kamloops.	11/3/2020 9:53 PM

Would you support a veterinarian practice in Barriere

32	Large & small animal vet would be more than welcome in Barruere!	11/3/2020 5:06 PM
33	I would support a local veterinarian as long as they are down to earth and reasonable and good. Most country vets seem that way anyway. If I liked the vet I would access their services regularly. I would appreciate the convenience of local.	11/3/2020 5:05 PM
34	That would be fantastic	11/3/2020 4:21 PM
35	With the Clearwater vet about to retire the only vet clinic in the entire north Thompson valley will be Kamloops! Barriere needs a vet clinic. With the amount of animals here there would be plenty of business for any clinic	11/3/2020 4:17 PM
36	We are a growing community and I have no doubt we could support a veterinarian. It would save many of us a long drive and would provide faster service in an emergency. Hopefully both small and large animals could receive care.	11/3/2020 3:37 PM
37	Vet needed very much!	11/3/2020 3:34 PM
38	Two dogs and a cat (at the moment) would love knowing there was a hometown vet they (and their humans) could bond with	11/3/2020 3:26 PM
39	I have three dogs	11/3/2020 2:54 PM
40	I think having a vet in Barriere is a great idea!	11/3/2020 2:43 PM
41	I would welcome a local vet.	11/3/2020 2:39 PM
42	Great idea!!	11/3/2020 1:16 PM
43	Great idea. Very much needed	11/3/2020 12:37 PM
44	Support of vet would also pend how good a vet this person is. Not all are created equal, so in theory yes, I would support the vet, especially in emergencies, but if the care/cost not comparable to my current vet I would likely not change for routine services such as equine dentals.	11/3/2020 12:31 PM
45	We have 3 dogs, 3 horses and 2 cows. Would gladly support a vet in our community!	11/3/2020 12:19 PM
46	My family would love to have a vet here in Barriere! Would save us the trip to Kamloops. Especially in the winter! Please please 🐾❤	11/3/2020 12:14 PM
47	I think this is a wonderful idea! I have horses, goats, fowl and dogs. Our vet in Clearwater is wonderful but could use some relief. If the new vet did farm calls especially, I would be over the moon.	11/3/2020 12:00 PM
48	Having a vet in town would be fantastic. Having someone local for emergencies would really help decrease the risk of losing and animal when time is so important. Not having drive into kamloops.	11/3/2020 11:52 AM
49	I think this would be a great thing for Barriere residents. I know alot of people have animals here.	11/3/2020 11:49 AM
50	I also support the Clearwater and Kamloops vets. Having a small clinic here would be ideal.	11/3/2020 11:43 AM
51	Especially Clearwater would benefit as Kamloops Large Animal Vet doesn't come out to Clearwater. However, for Barriere my only concern would be that the Large Animal Vet Clinic would stop servicing the Barriere area entirely which might lead to shortage of service when the local practise is full.	11/3/2020 11:32 AM
52	Please. It is a valley full of farmers and the resource would be more than helpful. Not to mention reducing cost to users by eliminating e need to trailer or otherwise transport large or even small animals into neighbouring communities to seek veterinary care.	11/3/2020 11:19 AM
53	I would hope the cost would be comparable with Kamloops and not any higher (Kamloops is already too high).	11/3/2020 11:19 AM
54	Only own house pets but am sure people with livestock and horses would appreciate a vat.	11/3/2020 11:16 AM

84	This would be amazing	10/28/2020 10:41 AM
85	As long as the pricing is fair. Small animal vets in particular take advantage of peoples love for their pets. This is why so many pets go without medical care as it is simply affordable.	10/28/2020 7:35 AM
