

July 2026

YOUR BEST TIMELINE

Greetings!!

Welcome to Ascendere! July carries a unique blend of introspection and illumination. We move from the nurturing waters of Cancer Season into the radiant fire of Leo Season, while Mercury Retrograde invites us to slow down, review our lives, and reconnect with our highest truth. Rather than fearing Mercury Retrograde, consider it a sacred invitation from the Universe to pause before your next expansion. Mercury governs communication, technology, contracts, travel, learning, and the way we process information. Please check us out and take advantage of our services which will restore energetic balance, emotional clarity, and spiritual alignment.

"I trust Divine Timing. Every delay is guiding me toward something greater. I release fear, embrace clarity, and confidently align with my highest timeline. My heart is open, my spirit is radiant, and I welcome every blessing with gratitude, grace, and love. Asé."
