This is when life force returns, dormant timelines awaken and destiny pathways reopen to raise awareness to take you to your best timeline. Ascendere has quite a bit planned for this month which includes the introduction of new products such as Sea Moss and the launch of our **Psychic Hotline**. Please keep track of these new service offerings by visiting our website. By the way, if you are in the DC, Maryland, and Virginia area, please visit us at the **Pathway Expo** in Mclean, Virginia on March 22!

Affirmations

The month of March represents two forces: the Fire Horse Momentum and the true new year for Earth. The Fire Horse represents forward momentum, leadership and liberation while dissolving stagnation and fear based thinking. The upcoming Spring Equinox represents the true new year when life returns to Earth. Ancient civilizations recognized this Equinox because ti represents the time when seeds grow, animals awaken out of hibernation and the Earth's solar energy increases. All of us are meant to grow now during this cycle. Here is a delcaration for March: "I move forward with courage, clarity and divine authority. My path is open. My prosperity expands. My destiny accelerates now. I welcome the highest available timeline. And so it is."
