

## What makes us different?

1. Trained Backup Staff: You will have a fully-trained backup Valet on call if any staffing issues arise.
2. Quarterly power washing around dumpsters and/or compactors.
3. Trash pickup methods: Unlike the industry standard of using 100-gallon sacks, we use a combination of trash totes, tilt trucks, and truck beds. This method significantly reduces trash spills/accidents and is less demanding on the Valet.
4. Limitation of Liability Clause: This is a critical part of our service agreement that keeps the property owner safe if our workers are ever injured on the property.
5. We provide a nightly parking lot litter removal service, included for free!

✓ Nightly Trash Violation Reporting (optional)

✓ Free Resident Trash Bins
