From the Director's Desk:

Hello Mercer County (and friends of Mercer County,)

Do you enjoy the month of September? I sure do. When the leaves begin to change colors and the air starts turning crisp, I feel invigorated. We know that change is inevitable so try to remember that change can be beautiful. It is also a great comfort knowing that when you are facing a difficult time, that too will change. During the difficult times, please let us know. May I share a quote from Mother Teresa? She said, "As far as I am concerned, the greatest suffering is to feel alone, unwanted, unloved. The greatest suffering is also having no one... not knowing what it means to be loved, not having a family or friends." Let me tell you this, as long as we are here at the MCCoA, you are not alone. Come up and spend time with us, even if that only means you want to sit and read a book. We are happy to be your friends.

I hope you have a chance to take a walk this month and enjoy the leaves changing colors. If you want to come and get me, we can take a walk in the fairgrounds!

"I have come to believe that caring for oneself is not self-indulgent. Caring for oneself is an act of survival."

Mental Health FIRST AID®
from NATIONAL COUNCIL FOR MENTAL WELLBEING®

MENTAL HEALTH FIRST AID FOR OLDER ADULTS

A review of the evaluations showed that those who completed the training found it to be an extremely positive and valuable experience. This partnership with the National Council for Mental Wellbeing and Allergan to provide the Mental Health First Aid: Older Adults curriculum throughout the state of New Jersey has helped us build a case for the need to increase mental health literacy and reduce stigma within this population."

— **Ruth Kaluski**,
Director of Career Connection Employment Resource Institute at the Mental Health Association in New Jersey

WHY MENTAL HEALTH FIRST AID?

Improve quality of life and learn how to assist and support older adults who may be experiencing a mental health or substance use challenge by getting certified in an evidence-based, early intervention training program. Older adults have high rates of late-onset mental health challenges, like anxiety and depression, and low rates of identification and treatment.

Whether you need to assist today or years from now, this certification gives you the confidence you need to have the conversations that will allow older adults to live as comfortably and independently as possible.

1 IN 4*

Older adults have a mental health condition.

More than
1 MILLION*

adults age 65 and up had a substance use challenge.

Males aged 75 and over have a
HIGHER RATE OF DEATH BY SUICIDE*
than any other group:

*the original research for the displayed statistic is linked

WHAT IT COVERS

- The unique impacts of mental health and substance use challenges on older adults.
- Risk factors and protective factors specific to older adults.
- Applying the MHFA Action Plan (ALGEE) in scenarios designed to reflect the unique needs and experiences of older adults.
- National, regional and community mental health resources for older adults and their caregivers.

WHO SHOULD TAKE IT

- Individuals who are a part of, connected to or support older adults and their families.

The course will teach you how to apply the MHFA Action Plan (**ALGEE**):

- **A**ssess for risk of suicide or harm.
- **L**isten nonjudgmentally.
- **G**ive reassurance and information.
- **E**ncourage appropriate professional help.
- **E**ncourage self-help and other support strategies.

THE MERCER COUNTY COUNCIL ON AGING

is a non-profit organization serving the needs of residents aged 60 and over. We offer a variety of services and programs designed to assist our seniors in maintaining as much independence as possible.

Funding for these services is provided by a county-wide levy, the Mercer County Health Fund, the Mercer County Civic Foundation, the PASSPORT program, Combined Drives, quarterly garage sales, client donations and the hard work of our volunteers.
