Longacres Garden Centre & Winchester

Bespoke Day Trip - Monday 16th November

Following the popularity of our previous visits to Longacres Garden Centre, we've listened to your feedback and are giving you more time to enjoy this fantastic destination. Many customers have told us they wished they had longer than the usual 30-minute stop, so this time we're making a day of it, with two hours in Winchester followed by an extended visit of two hours to Longacres. This makes for a wonderful day out combining shopping, sightseeing and the start of the Christmas season.

Winchester is a beautiful historic city, full of character, history and plenty to explore. Experience the magic of Winchester Christmas Market, considered one of Europe's best Christmas markets. Wander through the festive wooden chalets, browse unique gifts and seasonal treats, and soak up the wonderful Christmas atmosphere in the heart of this beautiful historic city. A truly festive day out!

Longacres Garden Centre Bagshot is a wonderful place to get into the Christmas spirit. Their festive displays are famous for being colourful, creative and magical, with an impressive selection of Christmas decorations, lights, trees and their much-loved illuminated model Christmas villages. It's a lovely place to wander around, soak up the festive atmosphere and perhaps find a few special gifts or decorations along the way.

We're expecting plenty of shopping bags to come back on board, so we've limited this trip to just 18 seats and removed two seats at the back of the coach to make room for all those festive purchases!

Ladies, get your shopping lists ready... and gentlemen, you might want to keep those credit cards under lock and key!

Monday 16th November – £44.00 per person

Great Days Out Brochure 2027

Looking Ahead to 2027 – Exciting Changes at Great Days Out

Firstly, we would like to say a huge thank you to all our customers for your continued support throughout 2026. We truly appreciate every booking, recommendation and kind word you have given us throughout the year.

The unusually hot weather this summer did have an impact on bookings, and we completely understood those who chose to stay closer to home. However, we are delighted that the final quarter of the year has been much busier, and we are incredibly grateful for your continued support.

2027 – A Full Year of Great Days Out

We are excited to announce that our 2027 index pamphlet will be released in December 2026, giving you an early look at what's coming up.

Our full digital brochure will follow shortly afterwards and will be available on our website to download, giving you all the itinerary information, dates and details you need for each trip.

We know many of you will be pleased to hear that we are returning to a full-year itinerary for 2027. This means you'll be able to look ahead, plan your year and book the trips you've been looking forward to.

What's New for 2027?

Our Great Days Out brochure trips will begin in April 2027, and we will initially be offering three trips each week.

This gives us the opportunity to carefully build the programme throughout the year, while also allowing us to introduce additional trips that prove particularly popular – and, of course, consider some of the suggestions and ideas you have shared with us.

So, if there is a particular trip you really want to experience, we recommend booking early to avoid disappointment. Some of our most popular days out can fill very quickly!

Something Different – Small Group Trips January to March 2027

And before you think we're taking a three-month holiday... we're not!

We will not be running our usual trips during January, February and March. However, we are considering offering a limited number of trips using our 8-seater taxi.

Would this be of interest to you? If so, please register your interest with us at gdobookings@gmail.com. If the number of responses suggests there is an demand for these smaller trips, we will put some exciting ideas together.

With just 8 seats available, we would particularly love to hear your suggestions for niche days out that might appeal to a smaller group, such as:

- Galleries and exhibitions
- Talks and guest speakers
- Historical places of interest
- Plays and shows
- Specialist or unusual attractions
- Other ideas that may not appeal to the majority, but would be perfect for a small group of 8

This could also be a fantastic opportunity for **WI and U3A groups, clubs, associations and other organisations** to get 8 members together for a day out linked to their particular interests. It isn't always easy to find enough people to fill a larger coach, so this could be a great way to make those more specialised trips possible. These bespoke trips are open to all our valued customers, so you can book whether you're travelling alone, as a couple, or as part of a small group. Once we have 8 seats booked, the trip will go ahead!

Here's to 2027 – and many more Great Days Out together!

We hope you enjoyed reading our October newsletter.
