

# Introducing Emagispace®

Emagispace® provides an innovative building block technology that enables the ability to build faster, easier, and more cost effectively.

Patented EmagiBlocks® made of sustainable medium density fiberboard panels (MDF) and ABS plastic interlocking blocks are the backbone of our building infrastructure that includes turn-key kitted products and custom solutions for more strategic builds.

Our easy-to-assemble kitted solutions enable agility and flexibility. EmagiKit™ Privacy Pods provide a quiet place to conduct calls and focus in today's open design floor plans. You receive high-end performance at a mid-market price within 10 business days.

**Quiet. Fast. Affordable. Re-imagine your workspace today.**

U.S. PATENTS APPLY TO THIS PRODUCT. FOR DETAILS VISIT: [WWW.EMAGISPACE.COM/PATENTS](http://WWW.EMAGISPACE.COM/PATENTS). COPYRIGHT © 2018 EMAGISPACE. ALL RIGHTS RESERVED.
