

Post Hair Appointment

Avoid washing your new color for 48 hours

Allow 48 hours for your fresh color to settle before washing

1

2

Use your products!

Why spend hard earned money if we aren't using the products to protect our luscious new hair?! For the love of hair, use heat protectant!

Avoid chemicals

If you know you will be swimming in chlorine, please wear your hair up to avoid color transfer & unwanted tones!
