Disclaimer: As in any work of literature from the oldest human utterance/painting to papyri, stone, and parchments of ancient civilizations to today's multitude of writings, the issue of interpretation, either literally or figuratively presents itself, especially with religious and spiritual texts. With this in mind, the Author invites the Reader to be open to an all-inclusive alignment of many ancient World Knowledges of One (God However You May Wish To Call Her/It/Him) while reading this work, in addition to finding or augmenting their own personal spiritually positive meaning for existence. The Author also invites the Reader to find what they are drawn to within these words, while looking to their own Spiritual Guidance as the Author's sole purpose is to illuminate the understanding that There has been and is More Than One Path to the Truth within human history, contrary to some long-existing and current Societal teachings and traditions. The Author shares their own experience of understanding with the Reader as a possible first step to seeing Peace instead of Violence reflecting throughout the World as people, through their works in daily life, lead their leaders to love, caretaking, acceptance, inclusion, and understanding. ## Welcome to Dwelling Among the Clouds!

This isn't a reading book.

This is a doing book. A relaxing doing book. Are you ready to work? Accepting the guidance in these pages as part of your outlook on life is fully your own responsibility. Many of us are looking for something that is missing from our lives and not knowing how to reach what is right in front of us. This missing connection may be recreated once we understand how to reconnect bonds between all life in our world, starting with our self, and then each other, and through these reconnections, once everyone commits to this work of reconnecting individually, these connections will continue as Peace begins to exist in our World.

World Peace seems rather impossible?

It isn't. We only have convinced ourselves it isn't possible. Change your Self.

Simply start within you with healing and nurturing, and then let what you reconnect, heal, and nurture move into the world around you. This is your Self Effect, exactly same premise as the Butterfly Effect. What you put into the world is what exists today and if you really look, there is a lot of Negativity. Too much. We glorify it. With a change of each of our Selves to positive energy, meaning change our thoughts, words, actions (energy), there will be a change increasing the Positive in the World. We simply need to be true in our intent.

Be true in your intent. The Greatest Love Story is Within You.

These guidances in this book are given in the form of meditations and affirmations as a way of recreating a positive Self Effect through reconnection of knowledges present in many religions of the world that have been separated by their dogmas and intolerances, unifying to mirror the World as One with no separation of any people from others for any reason, and promoting taking care of your Self, Others, and the World as Similiars in whatever belief or non-belief you hold. Yes, non-belief, too.

We have been taught that bringing religions together is "wrong" by some religions.

That is a Colonized Elitist Teaching. Release it.

The Truth is, the Reality is ~ all religions are ONE in saying the same thing that was lived well before religion even existed:

Don't do something to someone if you don't want it done to you.

So, let's get serious about change. Let's get serious about bringing Peace into our World in us, around us, and sending it Worldwide, so we fill the World with peace once again. It's time to lead the leaders to peace. They don't seem able to get there themselves.

Each meditation/affirmation should be seriously considered for at least 20-40 days. Think about the words, they are not simple exactly for that purpose.

Without thought you cannot bring change into your world.

Then make them your words and actions, so you begin to live it. Keep that meditation in action and then begin the next one. You are building a foundation.

They say 20 days is long enough to form a new habit, but hopefully you are wanting a change, not a habit. Those can be broken while lifestyles endure. Understand this work never stops, even now I keep these meditations in front of me because we all slip, but over the last 7 years my actions became natural as I reconnected to Love.

It is work and it takes time, but you are becoming a butterfly. Free your Self.  
You can do it.

World Peace is possible when everyone becomes Peace

Peace in purple,  
LyssiSue

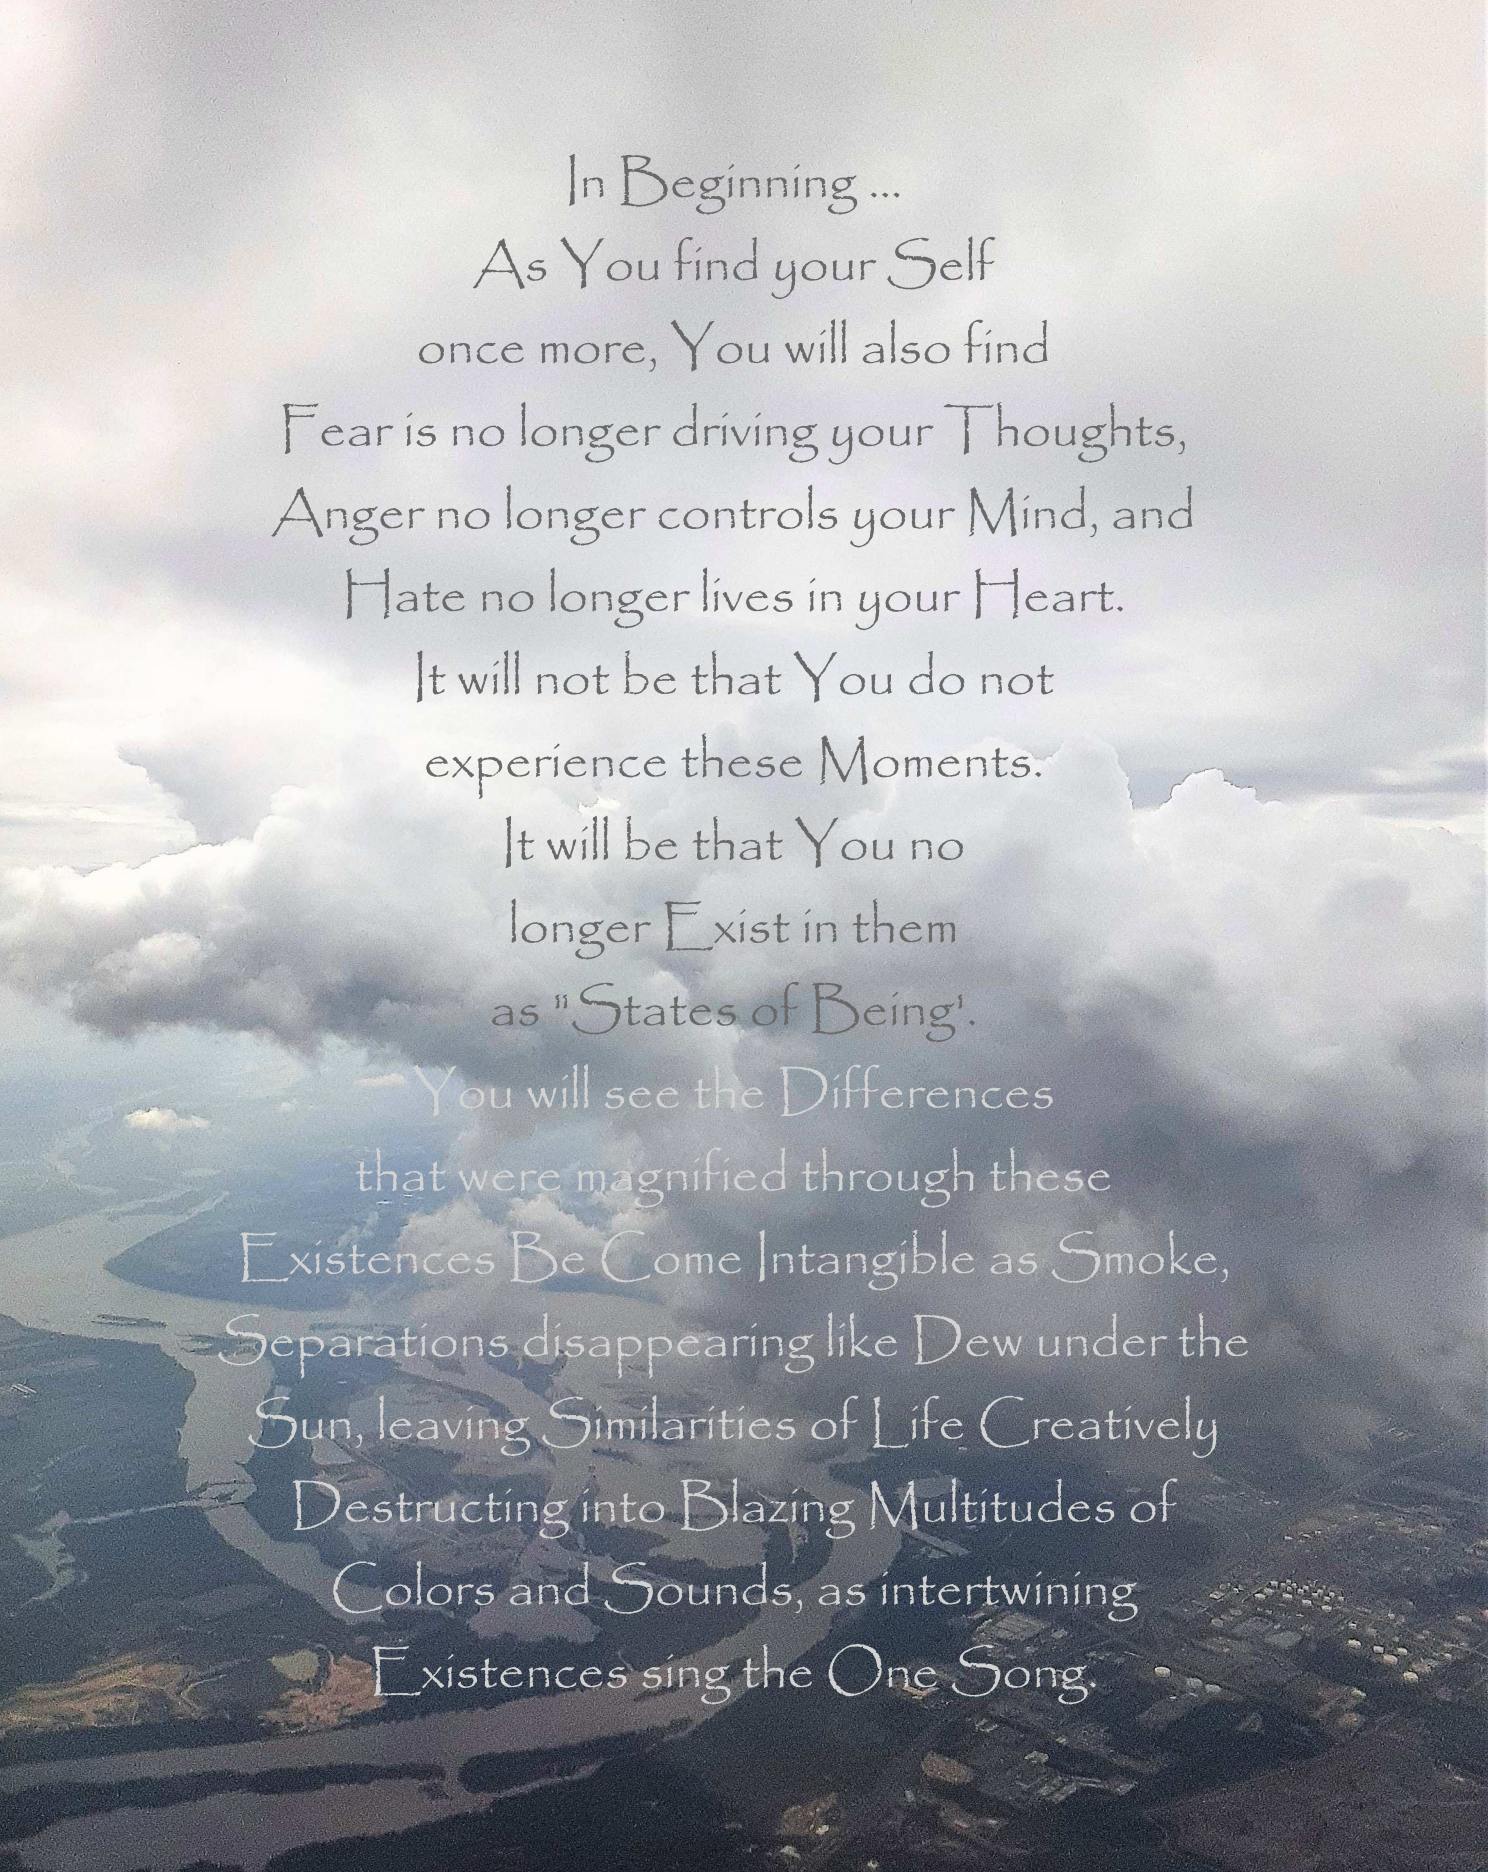

Please Remember ...

'Others' is used in this work in the meaning of "referring to the rest of the people or things in a group", as in the use of Ancient Greek's ἄλλος/allos meaning "another, one besides what has been mentioned, the other (of two persons, etc.); and less frequently, of other sort, different" (Liddell; Scott). This use as 'part of a group' aligns with several of the modern definitions of 'others': "additional one; one that remains of two or more" according to the Merriam-Webster Dictionary.com. It is said to be the plural form of 'other' and also "without the 'the' is the plural form of the pronoun 'another'" according to the MacMillan Dictionary.com.

"Others' is not used in this work as "distinguishing someone or something different" as it also does in today's use found through its Germanic origin and Indo-European root (MacMillan Dictionary.com) (Google/Oxford Languages). The Group of which 'Others' is referring is 'the rest', Others Here With Us, including not only all people within the World, but Every Living, Every NonLiving Existence, Seen, Unseen, within and on the World, the World Itself, for All are One and our Survival depends on each and every Existence.

We cannot Exist otherwise.

In Beginning ...

As You find your Self  
once more, You will also find  
Fear is no longer driving your Thoughts,  
Anger no longer controls your Mind, and  
Hate no longer lives in your Heart.

It will not be that You do not  
experience these Moments.

It will be that You no  
longer Exist in them  
as "States of Being".

You will see the Differences  
that were magnified through these  
Existences Be Come Intangible as Smoke,  
Separations disappearing like Dew under the  
Sun, leaving Similarities of Life Creatively  
Destructing into Blazing Multitudes of  
Colors and Sounds, as intertwining  
Existences sing the One Song.

.. Creator

You Be Come Connection and the  
InEffable Existence is with You once more.  
This Ineffable Existence has been named many  
things by humans over millennia, many different  
names, spellings over which some humans began to  
argue and fight for ownership, eventually forgetting  
that this Beginning Endlessly always Existed  
Freely within, surrounding, enveloping  
the World living as ONE ...

# Choose Today ...

to move Forward in Love for All. Don't Pick and Choose who you will Love. Look around you, See everyone, family, neighbors, strangers driving by in cars, strangers walking, whole cities or towns or villages - in every house, any color, any religion - no, don't stop reading. Choose to let go of your Rejection of another person - any religion, any political affiliation, color, sex, race, origin, age, sexual orientation ...

Yes, Choose to Love

even the One who You think is worst -

Let it all go, all Negative Thoughts ... Gone.

Choose to Love any nationality, any sexual identity, self identity, any choice not agreeing with your own views, whether they mean You harm or not. Expand this to everyone, wait ... go further, to every thing, living and unliving of the World, plants, animals, water, dirt ... All Others.

Choose to Love all of these as a parent Loves a child, as an owner Loves a pet, take them all into you as Family.

No, dearer than Family, as YOU, because we are All

One Family, One Living, for we are of Each Other.

Choose the Love you have within you and give it Freely, no Restraints nor Rules nor Returns nor Expectations nor Wants.

Choose Freedom -

for In Love, there is No Fear.

# Love ... Thy Will Be Done

We are the Same ...  
in our Love, in our Fear, in our Choice  
to follow the Negative more often than the Positive.  
We All fear the same States of Being:  
to Be Unseen, to Be Alone,  
to Be Unloved.

Choose  
to let that Fear go,  
Choose  
to Release the  
Negative.

Follow the Positive.  
Then send  
this  
State of Existence,

this Being One of the Many Together,  
All, into your Heart ...  
Begin to Love your Self ... and then, through your  
Heart,  
out into the World,  
Share your Self-Love with Others Here With Us.

and

Everything is Nothing is Everything,  
thus

All Existences are Steadfastly Ceaselessly  
in Balance and Harmony of Challenges  
Cultivating Peace.

There is  
No  
End of Life,  
only  
Changes  
in  
States of Being.

Fear Releases me.

I am Free

Through Innate Knowledge of ONE,  
I know  
Balance Within Life is Intrinsicly Maintained  
between Love and Strife.

This is Peace,

the Natural State of Existence of Imaginations of  
Elemental Love: Harmony, Connection, Joy,  
CoExisting with Avoidable Adversaries of Strife:  
Conflict, Division, Anger.

In this Peace,  
I know there is neither Consequences of Punishment,  
Reward, nor Protection passed in Judgment of me for  
Balance is Naturally Existing within All of Nature.

In this Peace  
of Innate Knowledge of ONE, I Perceive my Path of  
my Imagination Manifested by my Existence.

This is Free Will,

my Path of my Imagination Manifested by my  
Existence which I Conduct into the World.

I am  
the One who Imagines Choices in my Life.

This is Freedom,  
the State of Being ruled by Free Will.

My Free Will has the Power  
to Influence the Course of any and all Events  
in the World,  
for

I am a Super Conductor of the Balance of Life.

I am Born in Love so I Live In Love.

This is my Original State of Existence  
in which there is no Need for Choice,  
for  
Choice is Imagined by my Perceived Wants and Fear.

Choice is Self-Constructed Imagination.

It is my Choices created by my Imagination Determining  
the Consequences for my Self, Others, Events, and  
Situations around me...

By Free Will, if I Choose to Choose ...

I no longer Live In Love as I was Born In Love,  
thus

I Choose to Not Be In Love with my Self, with all  
Others around me, and with the World.

I Choose to no longer Exist Imagining  
Intrinsic Love: Harmony, Connection, and Joy,  
so I DeCreate Balance,  
the State of Being Peace WithIn my Self.

I Choose to Exist Repeatedly Imagining WithIn my  
Self

Avoidable Adversaries: Conflict, Division, and Anger  
so Be Coming  
States of Being: Violence, Destruction, and Fury.

This is Fear

withIn my Existence, Self-Constructed of my Choice  
to Not Live In Love with my Self or Others,  
that I Conduct into the World by my Imagining  
my Self, Others, Events, and Situations  
in my Violence, my Destruction, and my Fury.

In this Fear, I know there are Consequences of Punishment, Reward, and Protection passed in Judgment of me for these are human-Constructed Controls for Living in Fear's States of Being: Violence, Destruction, Fury.

Thus, if I Choose to Not Live In Love ...  
I am Imprisoned,

Imagining my Self First Before All Others in this human-Constructed Life, Caged to Live UnEnding States of Being Fear: Violence, Destruction, Fury Conducting to Others, Events, and Situations, so DeC reating the World by Destroying Connections.

InE quality, Harm, , Deprivation, and Selfness are my States of Being Reflecting Violence, Destruction, Fury to Others and to the World.

I am Selfishness. I am Apathy.

I Reflect Fear, Selfishness, and Apathy into the World.

... I Choose to Be a Destroyer of the World.

By Free Will, If I Choose to Not Choose ...

I Live in Love as I was Born In Love, thus

I Exist In Love with my Self, so I am In Love with Others, and reflect my State of Being Love into the World.

I walk In Love in Life,

Conducting Peace by my Making Love with Others,  
all Events and all Situations Creating Balances  
of Intrinsic Imaginations of Love  
& Avoidable Adversities of Strife,  
the World Intrinsically Ceaselessly Existing in Peace  
Connecting-DisConnecting-ReConnecting.

I am In Love with my Self. I am in Love with Others.

I am In Peace with All around me.

I Do No Wrong to Others and the World  
and find No Wrong from Others to me.

I am the Creator of this Existence by ....

Listening... All Life Exists for its Own Purpose as I Own my  
Purpose:  
I Respect the Free Wills of All Life.

Hearing ... All Life Purposes are Continuously Connected  
Together:  
I Care for All Life.

Seeing ... my Purpose is to Conduct Peace, not Fear, to  
Create Balancing Beginnings, not Enduring Extinctions:  
I am Protective of All Life.

Knowing ... my Own Life is Judged by my Own Choices, so I  
Do Not Judge Others:  
I am Understanding of All Life.

Knowing ... Life is Balances so there is No Need for  
Vengeance, Control, or Punishment of Others:  
I Accept All Life.

Doing ... my Purpose is to Conduct my Self in the Creation of  
Connections Amidst DisConnections for Others and the  
World:  
I Make Love with All Life.

Doing ... When I Fullfill Favor for Others, I Caretake All:  
I am Inclusive of All Life.

I am Selflessness. I am Love.  
I Reflect Peace, Selflessness, and Love into the World.

... I Be Come a Creator of the World.

## I am Free Will.

My Free Will is Innate in me as Love is Innate in the World. I am Born to walk Free, In Love WithIn this Life which, in turn, leads to the State of Being Joy.

This Joy grows from my Knowledge Love Eternalizes Life.

In this Understanding, I Unite In ONE and the Wisdom and Strength of Being ONE flows through me to Others around me.

I Reflect the State of Being Joy in Life.

within Free Will.

Responses to Others, Events, and Situations.

Seeing ... My Free Will Creates Balance and  
Harmony so I am Protecting and Caretaking the World.

Existence Making Love, which is  
the Force of the Supreme Creative Energy Love,

I am the Likeness and Image of the Ineffable Beginning Endlessly for I am my Self and I am Others.

I Exist as ONE.

I Exist Simultaneously as One and as Many as ONE Exists.

I am plural singularity of Singular Plurality.

With this Knowledge, I Live in a State of Continuous Connections of Life, Satisfied with What I have, Who I am, not Exerting my Want over my Existence or Others.  
I Live in Love.

This is the State of Existence Love.

This is the State of Being Joy.

I am Creator of this Existence by ...

Listening ... to the Wisdom of 'Love Others as Self'  
guiding this World.

Hearing ... this Knowledge blazoned within my Heart so  
I speak Truth or remain Quiet as guided.

Seeing ... All Existences are Safe and Protected.

Knowing ... my Ethereal Existence is Untouchable and  
InDependent of Others living Fear-Controlled Lives.

Knowing ... It is my Work to Balance my own Love and  
Strife, Desire and Want, so I Want Nothing by  
Understanding All that I Need is Given to me.

Knowing ... Balance of my Self is achieved only by my  
Living in Moderation, for Necessity, and Taking Care  
of Others.

Knowing ... Do No Harm to Others is my Creating Joy  
at all times, even amid DisConnections, thus Effecting  
Paths of Connections through Wants and Fear.

I am Willing to Know.

It is not What I Affirm, it is What I am Willing  
to Affirm.

To See Truth,  
I See Nature Around me, not through my Eyes, but  
through the Eyes of Others.

To Understand Truth,  
I Stand Under the Knowledge of Love, not Fear.

To Know Truth, I Live Truth.

I Make Love with All Around Me.

Peace is my Strength by Balancing Love and Strife,  
Good and Bad.

Love is my Power Creating my Thoughts, Words, and  
Actions.

Fear is my Weakness laying UnHeeded at my feet as I  
Conduct my Free Will for I am Conduct my Self:  
I Lead.

I am Creator of this Existence by ...

Hearing ... Any and All Events of Negative Consequences are my Moments to Stand Over Fear.

Seeing ... | Deliberately Cultivate Positive Imaginations.

Seeing ... | am UnConditioned of human Constructed Fears and consequent knowledges.

Knowing ... | Control Only my Actions, not Actions of Others.

Knowing ... | Conduct Peace into the World for Others by my Ethereal Existence Reflecting in my Words, Thoughts, and Actions to All around me.

so I do not Seek Sacrifice.

I Choose to Give for in Giving, I Share  
and  
in Sharing, I Receive without Wanting.

This Knowledge  
is the Gift of Oneness with Others.

I Commit my Self to my UnEnding Work  
Living as ONE  
Free of  
all Compulsions, all Conditioned Responses  
and  
I am no longer EnSlaved by Wants or Fear.

I am the Creator of this Existence by ...

Seeing ... I ReImagine my Self In Love so that I am Free of  
Conditioned Responses Constructed by Fear.

I Respect my Self.

Seeing ... my InterActions with Others Manifest  
Connection, Peace, and Knowledge.

I Love my Self.

Knowing ... my Existence is Innately Steadfast, Balancing  
Positive and Negative Influences, thus Endlessly  
Beginning Creations of Peace in Spirit, Self, and Body  
during all Challenges.

I Trust my Self.

Knowing ... I am Born In Love to Cultivate Positive  
Thoughts, Words, Actions, and InterActions  
Consistently and Deliberately. This is the Work of Life.

I Conduct my Self.

Knowing ... I am Creating this Life in Love by Connecting  
my Self with All Existences around me, by Sharing my  
Self Sincerely in Thought, Words, and Actions.

I Release my Self.

Knowing ... Imagining Outcomes of an Event Shapes that  
Outcome and Others, so I Create Positive Connections  
within that Event when I Imagine.

I Manifest my Self.

I Know Knowledge is of Free Will, so I Seek  
Knowledge.

I do not Seek Perpetual Works on Earth  
that  
Destroy the Creative Processes  
Connecting-DisConnecting-ReConnecting  
Ceaselessly Simultaneously ReImagining All Life.

I Seek Enduring Works on Earth  
that  
Complete the Creative Processes  
Connecting-DisConnecting-ReConnecting  
Ceaselessly Simultaneously ReImagining All Life.

This is How I Protect Nature, Others, the World.

As a Seeker of Knowledge,  
I am not a Master of Earth, I am a Conductor of Earth,  
I am a Complete Circle, I am an Element of Creation  
Completing the Everlasting Circle of Life.

I am a Reflection of ONE.

I am Love.

I am the Creator of this Existence by ...

Listening to Hear, Hearing to See,  
Seeing to Know, Knowing to Do

Listening ... so my Knowledge is not Conditioned  
through Fear Constructed by the Colonized Mind.

Hearing ... that Peace is Balance Created by  
Embracing Both Negative and Positive Events,  
Situations, and Others.

Seeing ... I meet each Challenge, Event, Situation, and  
Others in a State of Being In Peace.

Knowing .... Creating Connections WithIn Conflict  
Births Contentment, Acceptance, UnderStanding,  
Inclusion, Compromise, Peace: Love.

Knowing ... Life is EverLasting Now through Love.

Doing ... my Making Love is the Continuous  
Connections of the DisConnected Creating Life  
Beginning Endlessly.

This is the Enduring Work WithIn the World which  
Completes All as ONE is Complete so

All Be Come ...

# The World Living as ONE

Simultaneous Continuous Connections in Creative  
DisConnections that never DeCease in Extinction, so  
that in Be Coming Connection, I have Be Come  
Complete Endlessly Beginning, no longer only my Self.

I am Others.

Separation has Ceased.

The Reflections are now the Reality,  
Imaginations are FulFilled.

We Create the World as the World Creates Us.

We are One.

We are plural singularities of the Singular Plurality.

This is the Beginning Endlessly Beginning,  
DeCeasing Endlessly Ceasing.

In this Knowing, We Exist in Peace even when We Walk  
Alone for We Know We Walk Together.

We Know We are ...

One Existence singing One Song.

We Exist in Singular Plurality  
as  
we Live in plural singularity.

This is the Ancient Knowledge Known throughout the  
History of Humankind, Shared in Countless Different  
Ways, Comprehended in Countless Different  
Understandings, until Hidden by The Dictatorship of  
Those Who Fear.

Yet, throughout the Ages, always this lost Ancient  
Knowledge is found to Come Back, Into the Light,  
to be Heard in Others' Ways.

IT will not be Silenced.

All Paths lead to ONE TRUTH:

LOVE

I have not learnt that which is not.

So End to Begin .... Open the Cage.

# I Have Not Learnt That Which Is Not

Strange But True. These words you have finished doing represent an expansive inclusive Understanding of what humans have come to know as God However You May Wish To Call It/Her/Him found within separated diversified Sacred Writings not only from the Jewish, Christian, and Islamic cults, but also from contemporary knowledges and ancient spiritual cults and philosophies that have been undermined in the name of "Human Advancement". These ancient Sacred and Spiritual Knowledges, some of which still exist today thankfully, include but are not exclusive of the Ancient Greeks, Ancient Romans, Ancient Egyptians, Imazighen, Native Americans of both continents, Aboriginal Australians, Hindus, Buddhists, Confucians, Taoists, Zoroastrian, etc., some of which are founding bases of Modern Sciences, such as the branches of Physics, Biology, Psychology, Ecology, Microbiology, and Zoology. All of these Sacred, Spiritual, and Scientific Knowledges have experienced rewriting, misunderstandings, and denial because of generations of human error and bias that has been part of the human existence which has resulted in great divisions among humans from themselves, each other, Nature, and the world, causing a disruption in the once revered Natural Order of Life. Nature itself reflects the most Ancient of All Sacred Knowledges and this was once known by All. In correcting the missteps that led to the division of humans from Existence, through studies of the same, this work has set aside the current accepted Societal Want for Control in order to see once again the Similarities of all these Ancient and Modern Knowledges for clarification and unification of the Human Purpose which is sought by so many of us. This work has been led, not by a human hand, but a silent voice setting words in the mind, guiding with each 'utterance' to an expansive, inclusive Understanding bringing all people and the World together into a Protective State of Existence, so DisCORD and Destruction no longer needs to exist among us. It is thorough the acceptance of this Knowledge that 'living eternally' is known to NOT be the Human Purpose for Death is Necessary for Life to be Ceaseless. It is:

One Knowledge exists among all of us.

Each of us already has This Knowledge. It has been silenced, rewritten, and molded to serve the greater human-created purpose: Serve Money to gain Power by those who control with the same. It is time for the silence to be broken. Fear DeConstructed. It is time for the True Human Purpose of World Caretaking to be Acted On, for though this Action World Peace is completely possible, and Life is Sustained Ceaselessly. It is Time to Lead the Leaders.

Begin with Self and bring that Love into Your World Around You for ALL that Exists.

Only then will All Negativity Bow.

Peace In Purple,

*Lysse Sue*

## The Singular Plurality

This is not a religion nor a cult. This is an understanding of Existence itself drawing on the Circle of Knowledge that has been deep within our existences, buried under centuries of re-creating our existences to align with Wants of the ones who covet power for themselves: leaders who are not caring for the Needs of the many living under the yoke these leaders created to attain their Wants.

Think Water.

Each molecule is made of three atoms, one Oxygen, two Hydrogen that are bonded, connected by sharing electrons. Singular existences. Singularities. Alone, they change nothing but when they come together in bonds, connecting, they exist as a Water Molecule. This Water Molecule still does not exist in the Seen World, yet already it radiates impacting all around it, until it connects, bonds, with many other Water Molecules to create a Water Drop, both Seen and Felt. Changing States of Existence effect these singular existences to become a plural existence, many singularities together when they connect, bond.

They are Plural singularity.

Now think Ocean, already Existing, the Source of Water, the Source of Life. It is Complete in of Itself, One, Whole, Immense yet Unknown. Its Existence is as ONE: Complete, Powerful, Creating the Cycle of Water, of Life, on Earth: Energy.. The Ocean, while being One is also Simultaneously Many. Many many plural singularities, water drops of many molecules of even many more atoms, singularities all sharing, bonded, connected. These many plural singularities do not experience the Power of the Changing State of Existence Creating Life until they return to Singular Plurality. Ocean. Energy. ONE. This Existence is understood by many humans through sciences as Energy, ONE: Singular Plurality.

This Existence is understood by many humans as God, however you may wish to call HerHimIt: ONE: Singular Plurality.

ONE being Many Existences, both knowledges easily reconnecting as 'Spirit', Energy of an InEffable Existenc, Seen and UnSeen, yet Intimately Among each one of us. We do not exist alone. Our ability to be seen in this world is only if we are connected to each other and all other life within this world.

Everything is connected and dependent on Everything. We exist simultaneously. We ARE plural singularities.

This Existence is understood in many diverse ways in this World.

Love is not wrong. Love is not exclusive. Nor is ONE.

Let this Knowledge lead you.

All Paths lead to ONE.
