Re: Proof of tuition fee payment to University of Canterbury

The applying student has been accepted to a Certificate of Proficiency at the University of Canterbury for Semester 1 2023 and will be attending UC through the Frontiers Abroad Study Abroad Programme. Frontiers Abroad has a formal agreement with the University of Canterbury under which Frontiers Abroad guarantees tuition fee payment of the students. These students therefore do not pay tuition fees in advance and Frontiers Abroad instead pays tuition fees direct to UC upon enrolment, as is standard practice for Study Abroad students coming to UC through all United States provider programmes.

In support of this, the student's offer of place also states on page 1 that "*Full cost recovery fees are to be paid in full on enrolment in accordance with the Agreement*". UC thus, does not require pre-payment of the student's tuition.

Please let me know if we can be of any further assistance in matter.

All the best,
