Immigration New Zealand

To whom it may concern,

Tuition and Accommodation fee payments to University of Canterbury

The applying student has been accepted to a Certificate of Proficiency at the University of Canterbury for Semester 2 2026 and will be attending UC through the Frontiers Abroad Study Abroad Programme. Frontiers Abroad has a formal agreement with the University of Canterbury and UniLodge under which Frontiers Abroad guarantees tuition and housing fee payment of the students. These students therefore do not pay tuition & Housing fees in advance and Frontiers Abroad instead pays tuition & housing fees direct to UC and Unilodge respectively upon enrolment, as is standard practice for Study Abroad students coming to UC through all United States provider programmes.

Please let me know if we can be of any further assistance in matter.

All the best,

Maxwell Borella  
Director  
Frontiers Abroad Aotearoa
