Dear PRC of Flint Friends,

I can hardly wait to share with you the goodness of our Heavenly Father and some of the exciting things that have been taking place at Pregnancy Resource Center of Flint this past month!

Throughout the past several years, I have seen God work miraculously in the hearts of our clients; showing Himself powerful in unmistakable ways time and time again. It is amazing how He will bring about circumstances that will open just the right doors that will "save the life" of the unborn. Philippians 2:13 says, *For it is God which worketh in you both to will and to do his good pleasure.* He is the only one worthy of all praise and glory!

A young woman walked through the doors of PRC of Flint a few days ago. She said she was driving by and looking for resources to help her have an abortion.

As she stood in the waiting room, she began to share how she had gone to the Emergency Room over the weekend for a health-related issue and discovered that she was pregnant. She stated that she had several difficult situations in her life, including having just had an abortion earlier this year and she did not feel capable of being able to take care of another child as she had a little girl that was only 18 months old.

However, God was already working in her heart as stood in the waiting room talking about her little girl and how much love was in her life. She went out to the car to bring her in as we could meet her. The little girl had been waiting in the car with the client's sister.

The client began to let down her guard and agreed to take 45 minutes to talk with one of our newest peer counselors willing to stay past her scheduled time to minister to this hurting and scared young mother.

As the peer counselor took the time to genuinely care about the concerns of the client, she began to share the love of Jesus with her. The client then watched a DVD. When the peer counselor returned to the room with the client, the client said she had never heard the information shown on the DVD before. As the peer counselor and the client talked together, the client made the decision to surrender her heart and life to our Heavenly Father. She accepted Jesus Christ as her personal Lord and Savior that day!

This client came in that afternoon abortion-minded ... **BUT** ... she left that day a changed person; choosing repentance, forgiveness and a new life through Jesus Christ ... **AND** ... LIFE for her unborn baby!

Thank **YOU** for making it possible to see another precious life snatched from the horrific death of abortion and a life changed for eternity.

For His Glory,

Clara Clarke
