

# CLIENT WELCOME PACKET

WE MAKE THE OLD NEW AGAIN

# ABOUT

Lisa Arnold, owner and lead painter, is a transformer. The Richland Township (north of Pgh) resident takes pieces of furniture that are outdated and brings them back to life.

Lisa is passionate about this! She puts her heart and soul into every piece to make it look beautiful again.

She began by refurbishing some of her own furniture in 2018 and selling it at local stores and boutiques.

By the summer of 2022, Arnold embarked on a quest for more items to flip. Her business flourished as she began refurbishing bathroom vanities, kitchen cabinets, and bedroom sets. She has transformed buffets, coffee tables, nightstands, desks, and even countertops.

Thanks to her strong connections with local contractors, her business has grown to encompass a diverse array of services.

Thank you Lisa!!! Extremely happy with the transformation. We needed a refresh and Lisa Arnold with Fabulously Flipped and her team did an amazing job. Very professional group and I highly recommend if you don't want to invest in all new cabinetry this is the way to go. Very easy to work with, accessible and answered all questions or concerns. Thanks so much! 🙌

## Client Testimonial

Thank  
You

Fabulously Flipped brought my vision for a brighter space to reality and lightened up the heaviness of the dark floors in my great room. It turned out better than I could've imagined. The owner was extremely professional to work with and was very communicative from the time we first discussed my thoughts, throughout the entire sanding, painting, and distressing process, and upon completion. I have an entirely new space that I love and didn't have to spring for all new furniture! Would highly recommend!
