

PILLOWCASE, STANDARD – EASY INSTRUCTIONS

Material

1 yard, 44” wide, soft cotton or flannel, for one standard pillowcase

Directions

1. On 44” side, fold 1/2" down and press; then fold down 4 inches and press. (This is the “top” of the pillowcase.)
2. Open up this pressed edge.
3. Fold material right sides together (selvage edges together), match up all sides, pin if needed. (The edge you folded/pressed, is the “top” where the pillow will be inserted.)
4. Sew along the long side (36”) and across bottom. Make sure you catch the selvages when they’re a different color; often ~5/8” seam will work. Or use serger.
5. If the bottom seam edge is messy/raveling, you may want to zigzag it.
6. Clip bottom corners.
7. Turn
8. Fold down, to the inside, the 4” top along your press line, with the 1/2” pressed part tucked under. Pin and sew along the bottom edge about 1/4” seam.
9. Press pillowcase.
