FIRST FLOOR

Meyerland

Meyerland Area offers a family-friendly bubble just beyond downtown Houston where kids cycle down shaded streets toward playgrounds, local schools boast magnet programs, and nearby shops and restaurants bring fun and convenience. The Brays Bayou passes through the neighborhood with a corresponding hiking and biking trail. The schools are exemplary. People move to go to these schools. Meyerland is just outside Interstate 610, "the loop," but close enough for convenient trips all around Houston.
