
About Us

The historic fishing village of Port Fairy is situated on the Moyne River and offers a diverse range of fishing options. It is an all-round fishing location with a river, beach and sea access to offshore grounds. Our Club rooms are situated on the Moyne River with access to the picturesque boardwalk. Our members are dedicated to the club and provide invaluable knowledge and support to new members.

The PFAC is associated with the Victorian Fisheries Authority (VFA) which is an independent statutory authority established to effectively manage Victoria's fisheries resources. As a member we receive news and benefits exclusive to club members. Members also have the opportunity to have their say on issues that affect recreational fishing and Victoria's world class fisheries and participate in a variety of social and competitive events. Our affiliation ensures we work cooperatively to ensure sustainable fishing values.

A little history ...

The club is reported to have been established prior to 1954 but records began in 1954 as 35 members made their way to Yambuk Lake for a fishing competition. What resulted was, “ a nice catch of Bream and Mullet” and by 4 p.m. members were enjoying a feast by the campfire.

In 1958 the club purchased the land at 5 Gipps Street from the Haldane Family for a reported sum of 800 pounds which in earlier times was used as a fish factory. The club house was purchased from the Port Fairy Horse Racing Club at a cost of 250 pounds.

In the 1980's it was decided to extend the clubhouse. Members purchased the Manchester Unity Lodge Hall situated in Orford. So the huge undertaking commenced with the transportation of the Hall to Port Fairy Angling property which extended the size of the original club rooms.

We now continue the legacy of our founding members with an active fishing club, engaged members and a busy accommodation facility. [2022]

Port Fairy Angling Club
