

KIDS SUMMER CAMP

Fun Outdoor Activities!

Let your kiddo connect with nature! They will be pluckin' rainbow snacks straight from the garden. They'll create leafy medicines, culinary delights and earth-friendly goodies, all with their own two hands. But that's just the tippy-top of the Camp Wild salad! Their days will be a kaleidoscope of barefoot playin' in the sun, swimming, exploring with art, and expanding their tribe of new friends. Herbal wisdom and outdoor adventures? You betcha! This ain't just gardenin', it's a full-blown earth hug wrapped in sunshine and sprinkled with dirt. So let your little sprout dig their toes in the soil and watch 'em blossom
